Welcome from the President

I AM PLEASED TO WELCOME YOU to the 31st Great Taste of the Midwest.

Sadly, GTOMW has lost two of our long standing volunteer organizers since the last GTOMW. Both are well known by many people in Madison.

Jamie Cowles, who was tasked with delivering enough ice to keep your beer cold during our event passed away this Spring. Many in Madison knew Jamie from Madison’s music scene.

Tim Wong who coordinated bike parking at the even with the Bike Federation passed away earlier this summer. Tim was an advocate for bicycle and bus transportation (among other issues) and was well known to many who attend Madison city meetings.

We don’t have many changes in store for you as far as the festival itself, the layout is largely the same as last year aside from a few small tweaks that you probably won’t even notice.

Please remember this is a non-driving event. The best way to quickly exit the park is to utilize free shuttles or $1 Taxi-cabs (the only way to directly exit Olin Park after GTOMW) and when you pull out your wallet, don’t forget to tip your driver generously for getting you home safely. Please note that the taxi queue will be at the south parking lot, which is directly down the hill from where you entered the festival main gate. If you choose not to use either of the services that we have arranged for you (i.e. if you choose to utilize Uber or Lyft), please note, that these services will not have direct access to the Park. They will pick you up on Sayle Street.

Reminder: please use the pedestrian pathway along Wingra Creek and cross under John Nolan drive to reach Sayle Street for pick up.

Cheers!

MUSIC AT THE GREAT TASTE

All of our performers are from the local area and, like all the other organiz-
ers and workers at this event, are volunteers. Several have been performing
at the Great Taste for 20 years or more. Please feel free to buy a CD or
sweeten the tip jar if you like their music and consider booking them for
your next event.

In any case, please respect the park by disposing of butts responsibly.

SPECIAL THANKS
Our gratitude goes out to those who help make this event possible:
• Our ticket sales sites for allowing us the use of their facilities.
• Becky Wygonik for the logo design. See more of her work at www.bizyesit.com
• Bucky’s Rentals for the tents & toilets and impeccable service.
• The City of Madison and Parks Department for allowing us to enjoy the use of this beautiful park. We ask you to help us make sure to leave this park in an even cleaner condition than we found it. It is a treasure we cherish.
• The Madison Police Department for ensuring our safety.
• The volunteers who are admirably dedicated to this event.
• The brewers whose talents are celebrated here today!
• Most importantly, the families of the organizers who are the unsung heroes of events that are run by an all volunteer workforce.
USING THIS PROGRAM

We hope this program is a useful guide to exploring the Midwest’s finest breweries both here and in your travels in the region. It is organized alphabetically and can be cross-referenced numerically on the map of the festival grounds for conveniently locating each brewery’s booth. Beer and brewery information is provided to us by brewers. In some cases beers will be served that are not listed here. Sometimes this is intentional and sometimes it’s a last minute addition.

MOBILE APP

In addition to this program, we offer iPhone and Android mobile apps that contain the same information that is included in this program and more. Some additional features are included that are well worth exploring. Apps are updated right up until the gates open. Search for “Great Taste” in the appropriate app store to find and load them onto your device.

THE BEER!

Breweries are asked to provide detailed information about the beers on offer including Alcohol By Volume (ABV), Original Gravity (OG) measured either as “degrees Plato” or “degrees Brix”, and International Bittering Units (IBU). The ABV tells you how much alcohol is in the beer (typically ranging from 4% up to 12%), while the OG is a related measure that describes the density of the wort prior to fermentation. Final Gravity (FG) is the density of the fermented beer. In general, a high OG means a high ABV. The IBU’s tell you how much hop bitterness to expect. IBU’s range from the single digits and max out at a measurement ceiling of about 100 IBU’s. Some brewers will provide information regarding beer color which is expressed as either SRM (Standard Reference Method) or Lovibond (L). A light beer can be as low as 2 SRM while a dark beer can be as high as 89 SRM.

All of this is designed to help you predict what a beer will look and taste like so you can make informed choices. Many beer styles are available to you today and to learn more about them, consult the Beer Judge Certification Program for detailed guidelines at www.bjcp.org.

SERVING SIZE

SERVING SIZE IS 2 OZ. Brewers have been instructed not to provide a full pour. Please don’t ask them to fill your glass. CLOSING TIME IS 6:00 PM. All brewers MUST stop serving at that time. Please do not jeopardize the future of this event by asking for “just one more”. There are multiple exits throughout the park that will direct you toward the taxi and shuttle services.

FINAL WORDS

The Madison Homebrewers & Tasters Guild is proud to sponsor one of the premier beer events in the United States. We welcome your comments and encourage you to contact us via email at greattaste@mhtg.org. Thank you for your support and enthusiasm for craft beer and we hope you enjoy the Great Taste of the Midwest as much as we enjoy bringing it to you.

Join us next year on AUGUST 11, 2018.

FOR THE 13TH YEAR, the Great Taste presents the Real Ale Tent. It houses more than 70 cask ales served straight from the firkin. Find the bold RA next to beer listings.

WHAT IS REAL ALE?

- CAMRA (Campaign for Real Ale) defines it as “Beer brewed from traditional ingredients, matured by secondary fermentation in the container from which it is dispensed and served without the use of extraneous carbon dioxide.”

- It may show flavors and nuances not found in similar beers with more carbonation and filtration.

- It follows centuries of British and U.K. brewing traditions with some American quirks and twists.

- Monty Python Terry Jones opened the Great British Beer Festival in 1977 in London by pouring six pints of Real Ale (from his own Penrhos Brewery) over his head exclaiming “You can tell its Real Ale by the way it drips down into your boot.”

Say hello to Les at the RAT, order your cask ale by number or by name and share the Reality of Real Ale. — Cheers!

Established in 2006, 23rd St Brewery is a small, locally owned brewpub in Lawrence, KS. We are located on the west side of Lawrence going towards beautiful Clinton Lake. We are a 15 BBL brewery that averages just under 1000 BBLs a year. 23rd St Brewery is a full service brewpub with daily food and drink specials, and we also distribute draught beer throughout the entire state of Kansas.

FIREHOUSE ALT: Style: Altbier. OG: 15.3. IBU: 37.0. ABV: 6.1. SRM: 13.0. Brewed with our friend Andy Booth from Lawrence-Douglas County Fire and Medical. This German style Altbier is copper colored with a malty flavor and a slight fruitiness due to its low fermentation temperature.

WATERMELON WHEAT: Style: Fruit/Vegetable Beer. OG: 12.0. IBU: 13.0. ABV: 5.3. SRM: 4.0. Our Wave the Wheat Ale blended with fresh juiced watermelon.

We are a St. Louis, MO based artisanal brewery that handcrafts artisanal beers in an artisanal handcrafted way that is artisanal and crafted very handcraftedly... artisanal.

BOURBON BARREL-AGED LIQUID SPIRITUAL DELIGHT: Style: Russian Imperial Stout. ABV: 11.5. Aged in Blanton barrels, LSD is a stout that is a chewy, chocolatey and a joy to behold. Just friggin drink it.

KATY: Style: American Wild Ale. OG: 11.0. IBU: 14.0. ABV: 5.4. Don't know what to call it besides a Brett Beer. This one gets aged for 3 months in oak barrels with Brettanomyces Lambicus, a cool yeast that gives this beer a wonderfully pretty aroma and flavor that everyone better like or else I'll look you up and teach you a lesson.

KATY WITH APRICOTS: Style: American Wild Ale. ABV: 5.4. Our brett beer Katy aged for three months on apricots.

LITTLE BIG HOP: Style: Session Beer. IBU: 8.0. ABV: 4.9. Some people would call this a session IPA but they would be wrong because that makes no sense. It's a low alcohol double IPA or maybe an imperial table beer or an American lager that uses ale yeast and 10 times the hops as normal. This beer is as cloudy and hazy as the River Des Peres. Hops used: Magnum, Cascade, Zythos, Simcoe, Columbus.

LITTLE BIG HOP (REAL ALE): Style: Session Beer. IBU: 8.0. ABV: 4.9. Some people would call this a session IPA but they would be wrong because that makes no sense. It's a low alcohol double IPA or maybe an imperial table beer or an American lager that uses ale yeast and 10 times the hops as normal. This beer is as cloudy and hazy as the River Des Peres. Hops used: Magnum, Cascade, Zythos, Simcoe, Columbus.

TECHNICAL ECSTASY: Style: Czech Pilsener. IBU: 40.0. ABV: 5.4. SRM: 4.0. Brewed with Bohemian Pils malt and Saaz hops Technical Ecstasy pours a stunning hazy straw color with an enormous dense white head, the hallmark of a fresh Pilsner. The hops' floral, slightly spicy aroma immediately lures you in. The medium-bodied mouth feel produces a soft, crackery maltiness immediately followed by spicy, slightly grassy notes. Blah blah, drink it.
Brewed with Heart & Science in Sheboygan, Wisconsin since 2012. We have an aversion to doing things the way they\'ve always been done. We prefer to set our sights on something once thought impossible, and bury ourselves in scientific process until we achieve it. We\'re equal parts creativity and scientific process. Experimentation and balance. Heart & Science.

3 SHEEPS PILS: Style: German Pilsener. ABV: 5.3. Pilsner Lager brewed with Cascade hops

BOURBON BARREL AGED TIME OFF: Style: American Double/Imperial Stout. IBU: 13.0. ABV: 13.8. Imperial Stout w/ toasted coconut, walnuts, and cocoa nibs aged in Bourbon Barrels

BOURBON BARREL AGED UBER JOE: Style: American Double/Imperial Stout. IBU: 13.0. ABV: 13.8. Imperial Stout brewed with coffee, cocoa nibs, and vanilla aged in Bourbon Barrels

BOURBON BARREL VENERATION: Style: Quadrupel (Quad). ABV: 13.0. Belgian Quad brewed w/ figs and molasses aged in a Bourbon Barrel. Only one barrel produced.

CASHMERE HAMMER: Style: American Stout. IBU: 29.0. ABV: 6.5. We really enjoy brewing with rye. It has a dry, spicy characteristic that plays very well with other flavors. In many styles of beer, a touch of rye can be used to bring balance to an otherwise one-directional taste. For this beer, though, we started with the rye and piled it on, ensuring it would play first fiddle. The rest of the ingredients—the base, dark, and caramel malts, along with the Czech Saaz hops—were selected for their ability to highlight the rye and play off of its boldness. Since large quantities of rye can sometimes yield an unpalatable harshness, the finishing touch on this brew was to nitrogenate rather than carbonate. The creaminess of the nitrogen pour smooths the edge, making for very gentle, yet full-bodied beer. We hope you enjoy.

FIRST KISS: Style: American Double/Imperial IPA. OG: 1.077. IBU: 110.0. ABV: 8.2. Imperial IPA brewed w/ honey—The sweet, yet earthy tones of the hops seduce you with an alluring aroma. At 110 IBUs, this beer may intimidate, but fear not: once you dive in, the subtle malt profile and mellow sweetness of local honey rein it in. Your boldness is rewarded with intricate layers of hops, leaving you weak in the knees and eagerly anticipating your next sip.

NITRABERRY: Style: Fruit/Vegetable Beer. IBU: 13.0. ABV: 3.5. Nitro Tart Blackberry Wheat ale

Established in 2011, 4 Hands Brewing Company, located in St. Louis Missouri, provides the craft beer enthusiast a handcrafted portfolio inspired by the American craft movement that pushes the limits of creativity.

CITY MUSEUM: Pilsner with tangerine and ginger

MADAGASCAR: Style: American Double/Imperial Stout. ABV: 9.3. Imperial Milk Stout aged in bourbon barrels with Madagascar vanilla beans

ON CUE: Style: Gose. ABV: 4.5. Tart ale with Himalayan sea salt, Hibiscus, and Cucumber

SEND HELP: Style: American Blonde Ale. IBU: 18.0. ABV: 5.0. Hopped up American blonde ale with El Dorado hops

SUPER FLARE IPA: Style: American IPA. IBU: 60.0. ABV: 6.5. India Pale ale with Mango, Guava, and Tangerine zest
5 Rabbit is the first Latin-inspired brewery in the country. We hope to bring the energy, passion and amazing richness of Latin culture and cuisine to the world of craft beer. Cerveza artesanal, brewed with píixan.

5 Rabbit: Style: American Blonde Ale. IBU: 30.0. ABV: 5.3. This is the easy drinker. An elegant golden ale that shows hints of light caramel and honeyed malt notes, carefully balanced with sophisticated European noble hop aroma, with fruity and spicy flavors. Capiche?

El Inigo Montoya: Style: American Porter. ABV: 8.2. Award winning Bourbon barrel aged version of our Yodo con Leche. Imperial Porter aged in Wild Turkey Barrels with Costa Rican coffee and dulce de leche. Whoa!

Mango con Chile Paletas: Style: Fruit/vegetable Beer. ABV: 3.5. A beer that captures the summer fun of Paletas, the Spanish word for "popsicles". This version is brewed with Mango and a hit of Chile that gives way to a perfect balance between sweet and heat.

Papichulo: Style: American Wild Ale. ABV: 9.8. Rare. This is a sour rare beer. It’s sour, it’s also rare, it’s also excellent.

Pina de mis Ojos: Style: American Wild Ale. ABV: 7.0. Brewed with pineapple juice and peel, this refreshing kettle sour melds together flavors reminiscent of “tepache”, an artisanal and naturally-fermented beverage usually sold chilled by street vendors. With a nose of fresh pineapple it pulls you in. A confident balance of slightly tart and slightly sweet invites you back again and like it or not, you’re standing in midday Mexico City.

Aeppeltreow Winery | 615

1072 288th Ave., Burlington, WI 53105

Established 2001. Hard ciders with style made with locally grown uncommon and heirloom apples to make draft ciders, cider (and perry) champagnes, orchard table wines, and after-dinner orchard mistelles. Our ciders are inspired by Old World tradition, but don’t imitate historic ciders and perrys. The venture grew out of our home cidermaking pastime and biology, chemistry, and engineering skills. We believe that cider starts in the orchard, in using the most flavorful cultivars–grown locally–and that cider making is an act of conservation, both in the cellar and in the field.

Apeley Brut: Style: Cider. ABV: 7.0. GF Very dry champagne method cider

Barn Swallow Draft Cider: Style: Cider. ABV: 6.0. GF Semi-dry American style cider

Siskin Scrumpy Farmhouse Cider: Style: Cider. ABV: 6.0. GF Semi-sweet cider with bacon-like smokiness and tangy tickle

Sparrow Spiced Draft Cider: Style: Cider. ABV: 6.0. GF Chai-like semi-dry spiced cider
Established 2011. From day one we have been dedicated to the production and enjoyment of great beer! We hammer on that point as Louisville’s premier, brewer owned and operated brewery. Beholden to no other management priority than making beer well, we declare!... "Against The Grain is like most worthwhile undertakings, the product of dissatisfaction with the status quo. The Louisville area has had a number of quality breweries for some time now, but still there was simply not enough focus on great beer. Against The Grain is an effort to help solve this problem. AtG is born from the love of great beer and uncompromisingly dedicated to making great beer!

70K STOUT: Style: American Double/Imperial Stout. ABV: 14.0. A silky smooth barrel aged imperial stout. It’s really the best among all the K’s.

CITRA ASS DOWN: Style: American IPA. OG: 18.6. IBU: 68.0. ABV: 8.2. SRM: 4.5. This is a very hop forward American style IPA. Brewed with Pale, Vienna, Munich and wheat malt for a solid base for all American hops, focusing mainly on the variety “Citra.” Citra hops are a relatively new variety introduced in 2008. It was bred as a hybrid of a number of different hops, including Hallertauer Mittelfrüh, U.S. Tettnanger, East Kent Golding, Bavarian, Brewers Gold, and other unknown hops. The resulting hop, Citra, has a distinct citrusy and tropical fruit flavor and aroma. In Citra ass down we used American Columbus for bittering and 1μl of Citra at the end of the boil for late kettle addition flavor and aroma. Then we added 6 more pounds Citra and 5μl Centennial post fermentation for aroma. Rebrewed for your tasting pleasure!

COQ DE LA MARCHE: Style: Saison/Farmhouse Ale. IBU: 31. ABV: 5.8. Vous etes le coq de rien... Suffice it to say, some beers are meant to be cocks of the walks, and some are not.

PRETTY WILLIE: Style: Russian Imperial Stout. ABV: 12.5. Bourbon Barrel-aged Russian Imperial Stout

SELL OUT IPA: Style: American IPA. IBU: 62.0. ABV: 5.5.

SIGURD VOS: Style: Smoked Beer. IBU: 28.5. ABV: 5.5. This traditional Norwegian ale was made with smoked malts and hand harvested spruce tips and fermented with kveik yeast. The resulting beer is smoky and crisp with flavors of resins, citrus and candied orange peel.

An independent craft brewery and taproom on Chicago's NW side. We apologize in advance for anything we do this weekend.

ENTRENCHED IPA: Style: American IPA. OG: 16.5. IBU: 60.0. ABV: 6.5. SRM: 10.0. We made our IPA with a focus on the balance of German pale ale malt sweetness, Belgian biscuit malt bready-ness, and constrained bitterness. Citra, Centennial, and Chinook hops finish the story in the dry hop. And god, what a great story.

PHOBOPHOBIA PATERSBIER: Style: Belgian Pale Ale. OG: 12.0. IBU: 18.0. ABV: 4.8. SRM: 5.0. Patersbier or “fathers beer” is a light, refreshing table beer consumed by monks when the abbot isn’t looking. Ours has German pilsner malt, Czech Saaz hops, Belgian yeast, and so much love.
At Ale Asylum we brew beers in the tradition of our friend Crusty Oldbrewer who sent us on this path: brew honest, brew like you mean it. Thus, our beer is brewed and packaged with our own hands in Madison, WI. ALE ASYLUM is unfiltered and all natural. We use no additives, preservatives, fruit, horse hooves, fish guts, or extracts. Our ingredient list: water, malt, hops, and yeast. This is what we mean when we say our beer is FERMENTED IN SANITY.
You know who makes it, you know what it’s made with. You know after having one you’ll want another.

In the heart of Lexington, Kentucky, is Alltech Lexington Brewing & Distilling Co., a unique stop on the world-famous Kentucky Bourbon Trail® experience and one of only a handful of joint brewing and distilling operations in the world. The site is home to Town Branch Distillery and our brewery, which produces the Kentucky Ale® family of beers. It is the oldest craft brewery in Lexington. Alltech founder and president Dr. Pearse Lyons acquired the 200-year-old Lexington Brewing Company in 1999 and resurrected the Lexington brewing and distilling tradition that dates back to 1794.

KENTUCKY BOURBON BARREL ALE: Style: American Strong Ale. IBU: 20.0. ABV: 8.2. Award-winning Kentucky Bourbon Barrel Ale® is a unique sipping beer with the distinctive nose of well-crafted bourbon. Our Kentucky Ale® is aged for up to six weeks in freshly decanted bourbon barrels from some of Kentucky’s finest distilleries. Subtle yet familiar flavors of vanilla and oak are imparted to this special ale as it rests in the charred barrels. Pleasantly smooth and robust, Kentucky Bourbon Barrel Ale may also be served as an aperitif or after-dinner drink. Launched in 2006, it has grown to become the flagship beer of the premier name in barrel-aged beers: Alltech Lexington Brewing and Distilling Company. Hops: Fuggles, East Kent Goldings Malts: 2 Row Pale, Caramel 40, Aromatic Malt, Carapils, Malted Wheat
KENTUCKY PUMPKIN BARREL ALE: Style: Pumpkin Ale. IBU: 20.0. ABV: 10.0. A barrel-aged ale brewed with Kentucky-sourced pumpkin, richly spiced with cinnamon, nutmeg and allspice. As the ale is aged in fresh bourbon barrels, the sweetness of caramel and vanilla are imparted upon the brew and complement its spicier base. This robust, limited release seasonal makes for a flavorful sipping beer to slowly warm up with as the weather cools. Hops: Fuggles, East Kent Goldings Malts: 2 Row Pale, Caramel 40, Caraibilis

KENTUCKY VANILLA BARREL CREAM ALE: Style: Cream Ale. IBU: 5.5. A perfect blend of vanilla and bourbon notes make this cream ale irresistible. Kentucky Vanilla Barrel Cream Ale is our take on a classic American style of beer. We took a cold-conditioned cream ale, brewed with a hint of flaked corn and bourbon vanilla beans, and aged it in freshly decanted bourbon barrels for a minimum of two months. Kentucky Vanilla Barrel Cream Ale’s medium body and 5.5% ABV make it the perfect barrel-aged beer for an all day event. Hops: Centennial Malts: 2 Row Pale, Munich 10, Crystal 60, Biscuit Malt, Flaked Maize

Located in Detroit’s historic Rivertown district, and housed in a 1919 factory warehouse, Atwater Brewery was founded in March of 1997 with the purpose of carrying on the rich history of breweries in Detroit. Our brewing process, however, is over 200 years old. Our imported Kasper Schultz brew house allows us to brew our brands in the true heritage-style of traditional German lagers. All of our main brewing equipment was brought in from Germany,
where precision and passion for beer has its roots. “We drink all we can and sell the rest.”

DECADENT DARK CHOCOLATE: Style: American Brown Ale. IBU: 5.0. ABV: 5.0. So much decadent dark love in a bottle, you’d think it was straight from the chocolate factory. VANILLA JAVA PORTER: Style: American Porter. OG: 1.3. IBU: 3.0. ABV: 5.0. SRM: 30.0. This is VJP - an easypeasy dark beer with the makings of both a sweet-vanilla coffee house java and a smokey English style porter. Despite its looking every bit as black as a regular dark roast Joe, it goes down like it’s frothy with cream and sugar.

WHANGO: Style: American Pale Wheat Ale. IBU: 14.0. ABV: 4.9. Tropical paradise in a bottle. Get your mouth ready for the perfect balance of mango sweetness and refreshing wheat flavor. Clean and crisp on the tongue, fill your vessel with this laid-back sipper and set sail for the Isle of WHANGO. It was brewed to overwhelm but never overpower.

14° ESB: Style: Extra Special/Strong Bitter. IBU: 32.0. ABV: 5.6. Our well rounded approach to the classic British Ale. There’s middle of the road, and there’s middle of the river. And if there’s one thing that’s important in the middle of the river—it’s balance. Our ESB is incredibly well balanced with a slight toasted malt flavor, traditional British hop accents with just a hint of pine and citrus from the unexpected Amarillo / Ahtanum dry-hop. Lake Superior’s average temperature is 42° F. We serve our beer at 42° F. Coincidence? We think not.

BENT HOP: Style: American IPA. IBU: 68.0. ABV: 6.2. An unexpected visual bend to an American India Pale Ale, this style is one that stands out in a crowd, or if you’re more like us—enjoyed at a campsite...with no crowd. BENT RIVER BREWING CO. | 105
www.bentriverbrewing.com
1413 5th Ave, Moline, IL 61265
Back in the mid-nineties, a man by the name of Tim Koster owned a little homebrew supply shop, Koski’s Home Brew Fixens, located in downtown Moline, Illinois. As people would visit, they’d sample some of Tim’s brews and, over time, people started stopping by for the beer more than anything else! And after much demand...Tim decided to open a brewery. The Moline location opened its doors in 1997. Over the years, as the Bent River’s beers became more and more popular, the building grew to house five 30 barrel fermenters along with a fully functioning, recently renovated kitchen. Bent River opened its second location just 5 miles down the road from the brewpub, in Rock Island. Housed in an old car wash, this is their main distribution center, where all of the beer is bottled, packaged, and sent out into
the region. Bent is now distributed throughout Iowa, all of Illinois—except Chicagoland—and the Madison, Wisconsin, area.

2014 World Beer Cup Champion Brewery & Champion Brewmaster in the Large Brewpub category! We opened the first brewery in Topeka since the Prohibition era. It is named after the Prohibition era custom of displaying stuffed tigers in establishments to alert patrons of the availability of bootleg alcohol. These speakeasies were referred to as “Blind Tigers.” We keep at least six flagships and seven rotating seasonals on tap, to the tune of about 1300 barrels a year. Our brews have gathered 21 national and international awards over the past 22 years. Our Brewpub is located at 37th & South Kansas Avenue. Keep an eye open for the Blind Tiger Beer Backpacks. BASIL BEER: Style: Herbed/Spiced Beer. OG: 1.068. IBU: 6.0. ABV: 6.8. SRM: 7.0. Basil Beer 6.8% ABV, 16 IBUs Our 2014 Great American Beer Festival Gold Medal Winner! We grow our own sweet basil for this aromatic beer. Basil is a fantastic culinary herb long used in Italian cooking. We find it lends its nuances to beer very well. COLLABORATION #6: IBU: 29.0. ABV: 12.5. We invited Matt Brynildson, brewmaster for Firestone Walker into our barrel-aging cave to taste beers with Boulevard Brewmaster Steven Pauwels. Armed with their palates, some graduated cylinders, nearly two dozen tulip glasses and a few bottles of Firestone Walker's barrel-aged beers, they spent the afternoon tinkering with different blending percentages before finally deciding on just the right blend for our 2016 Collaboration beer. Collaboration No. 6 will be composed of the following beers: Boulevard Bourbon Barrel Quad - 45% Firestone Walker Stickee Monkey - 35% Imperial Stout X - Tart Cherry (Whiskey Barrel-aged)-10% Firestone Walker Velvet Merkin - 10%

LOVE CHILD #8: IBU: 9.0. ABV: 9.0. SRM: 13.0. Boulevard's Love Child Series of "wild" ales are barrel-aged with such boisterous cultures as Lactobacillus and Brettanomyces. These wayward offspring can prove so complex that we employ gauges on the label to convey the intensity of three key personality traits, Funk, Sour and Fruit, presenting a picture of the ale at the time it was released. It will change as it ages, but don't we all? A blend of wood-aged sour beer, Love Child No. 8 is composed of multiple vintages of a Flanders-style sour red ale and a sour Belgian-style golden. This release features soft lactic acidity punctuated with slight acetic notes and a tart, fruity flavor reminiscent of sour cherries and green strawberries.

Saison-Brett, based on our very popular Tank 7, is assertively dry hopped, then bottle conditioned with various yeasts, including Brettanomyces, a wild strain that imparts a distinctive earthy quality. Though this farmhouse ale was given three months of bottle age prior to release, further cellaring will continue to enhance the “Brett” character, if that's what you're after.

TANK 7 FARMHOUSE ALE: Style: Saison/Farmhouse Ale. IBU: 44.0. ABV: 8.5. SRM: 6.0. A straw colored, light to medium bodied beer with a citrusy, spicy hop aroma, a soft sweet malt flavor and a prominent hop bitterness.

It is as authentic an English pub as one is apt to find this side of the pond. Within a series of small, intimate rooms, the brewpub has a tin ceiling, rich woodwork, cushioned benches, and a room for darts. True to English tradition, John and brewer Kevin Mataucci produce only top-fermented ales in the seven-barrel system. We offer at least seven brews plus a brewer’s tap. Carry-out is available in growlers. The Broad Ripple Brewpub offers an extensive lunch and dinner menu to match the excellence of our beer, including our extremely popular English favorites: Scotch eggs, fish and chips, bangers and mash, and shepherd’s pie.

Style: American Double/Imperial IPA.  
IBU: 111.0.  
ABV: 9.8.  
The double in this beer not only stands for the two mashes that make it twice as strong, but also for the two rounds of dry hopping it goes through. The addition of rye malt and flaked rye provide a subtle spiciness that melds well with the strong citrusy hop presence. It all results in a sturdy, ruby colored IPA that is not easily forgotten.

www.thecivillife.com
3714 Holt Ave, St. Louis, MO 63116

The Civil Life Brewing Company opened in 2011 and is located in south St. Louis city. We focus on moderate a.b.v. beers and produce styles modeled on the classics from Germany, England and America. #CARLBOCK LAGER: Style: Maibock/Helles Bock. IBU: 38.0. ABV: 6.0. Crafted as an authentic Munich Helles, increased to Bock alcoholic strength, #Carlbock is a nice malty and hoppy golden lager, with lightly toasted notes, a hint of spice, and a crisp finish.

AMERICAN BROWN ALE: Style: American Brown Ale. OG: 1055.0. IBU: 35.0. ABV: 4.8. SRM: 16.8. Long enough ago, all beer would’ve been brownish because of the difficulty of cooking the malted grain without darkening it. Our American Brown is no doubt the Civil Life flagship beer. Malty, toasty, earthy and citrusy, with delicious hints of bitter chocolate and dark roasted coffee.

BLACK LAGER: Style: Schwarzbier. IBU: 33.0. ABV: 4.6. Our Black Lager, or Schwarzbier in its native German, is easy to love. It’s a crisp, clean, cold-fermented lager but darkly colored with a discreet, fragrant roasty essence. Perfumey noble hops. Grainy and just a little toasty, with hints of coffee and chocolate. Light body and carbonation.

Well-rounded mineral-water mouthfeel with subtle tea-like tannins. Real Ale poured on Beer Engine.
NORTHERN ENGLISH BROWN: Style: English Brown Ale. IBU: 42.0. ABV: 5.1. SRM: 15.0. A bigger, browner Brown Ale. Treat yourself to this bready, balanced beer with hints of coffee, tart fruits, toffee, molasses cookies. Smooth and complex. Real Ale poured on beer engine.

OCTO-LAGER: Style: Märzen/Oktoberfest. IBU: 22.0. ABV: 5.5. Smooth with caramel notes and noble aroma.

Esser's Brewery was first established in 1863 and revived in 1995. George Esser arrived from Germany in 1852 with a taste for good German beer. He built a brewery in Cross Plains in 1863 and called his beer Esser's Best. Six generations of Essers have continued the tradition, keeping the company alive during Prohibition by distributing “near beer.” Re-established in 1995, under the direction of Wayne and Larry Esser, Esser’s Best is now brewed using the original recipe. In celebration of 150 years in the beer business, the Esser family produced an ale to commemorate this mark in history. All beers are available in bottles and kegs with statewide distribution.

CROSS PLAINS SPECIAL:
Style: German Pilsener. OG: 11.5. IBU: 23.0. ABV: 4.5. SRM: 5.88.

TAWNY PORT BARREL-AGED BLUTPAKT:
Style: American Porter. IBU: 30.0. ABV: 6.2. Many months ago, eight to be exact, we siphoned off a portion of our German Porter collaboration with Surly Brewing Co. into a lonely tawny port barrel. Previously aged on white ash, this additional mingling with the wine barrel lends notes of dark fruit, oak, and vanilla to the already smooth, roasty, and subtle marshmallow character of Blutpakt. A near-extinct beer style, blended with the always wonderful characteristics of wood and wine makes for a singular encounter that won't be produced again.

TAWNY PORT BARREL-AGED IMPERIAL PEANUT BUTTER PORTER:

DARK HORSE BREWING CO.

Humble beginnings gave way to lessons learned of brewing in the shadow of the residence hall; steering clear of the landlord and having your ass handed to you by the almighty dollar are now consumed by the glory bells of success and the daily grind—a dichotomy of sorts... Should a young
madman have to bend and be Ned Beatty’d to sell and serve to please the public eye’s nerve endings from the very beginning? Not this time around.

A brewer slowly climbed from the lowest points of business life with a sore ass, as he ascended to a new level. Hark! The horse of the dark nature holds the scales where the wheat and barley feedeth, not taketh from the mouths of man. A non-filtered view of hard work, careful perseverance of expansion, sticking to what is believed to be the right way and the only way to stay true to high quality, and also, the vague understandings of possible humor; blurring his family’s, employees’ and customers’ drinking experience and vision between a no-bullshit approach to brewing big, outstanding beers and selling nonsensical imagery and haberdashery…Proven to the masses as a Dark Horse trademark for the man behind the reigns.

BARRACUDA BLUE: Style: American Pale Ale. IBU: 23.0. ABV: 5.5. As is Dark Horse fruit beer tradition, this refreshing pale ale is beer first, fruit second. Pleasant aromas of blueberry leading into a subtle fruit flavor with a solid malt backbone and balanced out with light hops.

BOURBON BARREL AGED PLEAD THE 5TH: Style: American Stout. IBU: 41.0. ABV: 11.0. You have the right to enjoy or remain silent.

Big bold scotch ale with cherry wood smoked malt instead of the traditional peat smoked malt offering up warm notes of coffee, caramel and sweet caramelized brown sugar. Then aged in bourbon barrels for several months to pick up some mellow vanilla and oak notes.

DOUBLE CROOKED TREE IPA: Style: American Double/Imperial IPA. IBU: 84.0. ABV: 12.0. Double all the ingredients except the water of our signature IPA, Crooked Tree, and you have Double Crooked Tree.

HIPSTER WHISPERER GREAT LAKES STYLE IPA: Style: American IPA. IBU: 30.0. ABV: 7.5. Brewed with Citra, Azacca, and El Dorado hops this beer is juicy. Dry hopped with the same combo of hops 3 separate times this beer comes with some serious dank aromas.

KAMIKAZE KALEIDOSCOPE: Style: Witbier. IBU: 16.0. ABV: 5.0. Hazy straw color and a bright white head with approachable wheat and citrus aromas. Subtle orange and lemon with a slight tartness that finishes dry and clean.

OIL OF GLADNESS: Style: American Barleywine. IBU: 85.0. ABV: 11.0. Dark Horse 3 Floyd’s! The two breweries got together to make a tribute beer paying homage to the Infantry Brigade of the Union Army during the US Civil War known as the “The Iron Brigade”. These “Black Hats” consisting of Michigan, Indiana, and Wisconsin regiments were fierce warriors with iron dispositions without a doubt. More importantly, they were also beer drinkers and Craft Brewers and if they weren’t busy kicking some Rebel ass and encampment was anticipated for long enough, they would often turn a batch of homebrew to take on the trail to the next battle. “Oil of Gladness” was one of the many nicknames given to the beer these brave men were brewing out on the war path.

OKTOBERFEST: Style: Märzen/Oktoberfest. IBU: 24.0. ABV: 7.5. Copious amounts of Bonlander Munich Malt give this beer a great malt sweetness and very big body to enjoy with the change in season.

SAPIENT TRIP ALE: Style: Tripel. IBU: 32.0. ABV: 9.5. Belgian style tripel brewed for summer sippin’.

SMELLS LIKE A CITRA SAFETY MEETING: Style: American IPA. IBU: 43.0. ABV: 8.5. Based on our Smells Like a Safety Meeting IPA malt profile utilizing only citra hops to impart tropical dankness.

SMELLS LIKE A SAFETY MEETING IPA: Style: American IPA. IBU: 48.0. ABV: 8.5. Double dry hopped for a super dank aroma with just the right amount of bitterness to keep the balance.

THIRSTY TROUT PORTER: Style: American Porter. IBU: 24.0. ABV: 7.0. Dark brown in color with medium to heavy body and hints of light roast. Aromas of chocolate leave way to a full mouthfeel and somewhat sweet finish.
UNCLE BUCK’S PREMIUM JUICE PALE ALE: Style: American Pale Ale. IBU: 27.0. ABV: 7.0. Smooth drinking Great Lakes Style Juice Beer that was voted onto the brew house by patrons during the annual Employee brew-off. 10K IPA: Style: American Double/Imperial IPA. ABV: 9.1. Like many good things, 10K IPA was the result of a bet. Our Co-Founder offered our Brewmaster $10,000 to brew an IPA that got higher ratings than one of the notoriously best IPAs in the world. Our Brewmaster claims he never got that $10,000, but the beer world got an incredibly big and bold IPA, exploding with Simcoe hop flavor and just the right amount of malt sweetness.

ALL DAY IPA: Style: American IPA. IBU: 42.0. ABV: 4.7. The beer you’ve been waiting for. Keeps your taste satisfied while keeping your senses sharp. An all day IPA naturally brewed with a complex array of malts, grains, and hops. Balanced for optimal aromatics and a clean finish. The perfect reward for an honest day’s work and the ultimate companion for celebrating life’s simple pleasures.
BACKWOODS BASTARD: Style: Scotch Ale/Wee Heavy. OG: 32.0. IBU: 10.2. ABV: 8.5. SRM: 50.0. Expect lovely, warm smells of single malt scotch, oaky bourbon barrels, smoke, sweet caramel and roasted malts, a bit of earthy spice, and a scintilla of dark fruit. It’s a kick-back sipper made to excite the palate.

DKML: ABV: 14.2. Here you have what could be the first malt liquor worthy of a glass. Typically a slighted style, we thought we would class it up with a stay in the wood and a healthy dose of dry-hopping. A huge hit of corn gives this one a smooth sweetness while its time spent aging in bourbon barrels will give you reason to share. Be warned: this one’s a pry-off, not a twist-off.

DIRTY BASTARD: Style: Scotch Ale/Wee Heavy. OG: 19.0. IBU: 50.0. ABV: 8.5. SRM: 50.0. So good it’s almost wrong. Dark ruby in color and brewed with seven varieties of imported malts. Complex in finish, with hints of smoke and peat, paired with a malty richness and right hook of hop power to give it the bad attitude that a beer named Dirty Bastard has to live up to. Ain’t for the wee lads.

DOOM: Style: American Double/Imperial IPA. OG: 22.0. IBU: 68.0. ABV: 10.0. Doom is unleashed when Founders’ award-winning specialty Imperial IPA, Double Trouble, is aged in bourbon barrels for four months to create a distinct flavor experience. So, while Double Trouble is brewed to turn your world upside down, Doom is brewed to tear it apart: pungent hops conspire with boozy bourbon notes to send your senses spinning. Known as “Hand of Doom” when originally brewed for our taproom, this 10% ABV beer is a unique addition to our barrel-aged repertoire, which has mostly consisted of malt-forward beers such as Backwoods Bastard and Kentucky Breakfast Stout.

KBS 2017: Style: American Double/Imperial Stout. IBU: 70.0. ABV: 11.2. A bit of backwoods pleasure without the banjo. This strong stout is brewed with a hint of coffee and vanilla then aged in oak bourbon barrels. Our process ensures that strong bourbon undertones come through in the finish in every batch we brew. We recommend decanting at room temperature and best enjoyed in a brandy snifter.

RED'S RYE PA: Style: Rye Beer. OG: 15.5. IBU: 70.0. ABV: 6.6. Serious hop bitterness along with unyielding grapefruit bouquet from the Amarillo dry-hop. Balanced with the malty richness of four varieties of imported Belgian caramel malts. Pours a spectacular crimson with a creamy tan head. A generous addition of rye malt accentuates a spicy crisp finish. (Year-round)

RUBEAEUS: Style: Fruit/Vegetable Beer. IBU: 15.0. ABV: 5.7. Not another boring summer wheat beer of lemonade shandy—Rubaeus is Founders’ way to celebrate the season’s warmest months. Optimizing the flavor of fresh raspberries added at multiple stages during fermentation, this stunning berry red masterpiece is the perfect balance of sweet and tart. No question about it, with a hefty malt bill and 5.7% ABV, this beer is 100% Founders.

**FULTON BREWING | 324**

www.fultonbeer.com
414 6th Ave N, Minneapolis, MN

We started homebrewing together in 2006 in Jim’s one-car garage. Our first brew was on a -20 degree February day. As we huddled around a turkey burner (both for warmth and because the garage was so small) we talked about how cool it would be to brew beer for a living.

**72 STRETCH:** Style: Gose. IBU: 4.6. 72 Stretch is a clean fermented Gose style ale. The malt bill is comprised of pilsner malt and 35% wheat with a touch of Acidulated and Munich malts. We utilize Herkules, Perle, & Summer hops to create a gentle bitterness and pleasant hop aroma. We also add Mediterranean Sea salt & coriander to the kettle to create the classic Gose characteristics. We ferment the beer with a clean ale strain and then dry-hop the beer with lemon & lime zest. The result is a refreshing, citrus-forward ale with hints of melon & stone fruit.

**PILS:** IBU: 30.0. ABV: 5.3. Inspired by the pale lagers of Central Europe, Fulton Pils is crafted from Pilsner malt, noble hops, and Pilsner yeast. Elegant and refreshing, classic yet transcendent, Pils leaves your senses wanting for nothing—except another.

140 S Westnedge Ave, Kalamazoo, MI 49007

After many years of brewing beer in his garage, Greg “Gonzo” Haner decided to turn his creative hobby into a serious business endeavour. Greg began brewing micro-brewed beer in 1992 after a friend showed him the fundamentals of how to brew. With a new 2-story, 1600 sq. ft, one-barrel brew house and adjoining cooler with 10 beer taps he built at his home in 2005 he was able to remain active in the brewing industry by “tapping” into the contract brewing business. This connection allowed Greg to assist people that needed help starting a brewery or brewpub, establish beer recipes and assist in the right equipment needed for producing beer as well as proper sanitation standards.

Granite City Food and Brewery

Established 1999. Granite City Food & Brewery currently operates 26 casual dining restaurants featuring made-from-scratch food and all malt, craft brewed beers. Five flagship beers, along with rotating specialty beers, offer flavors to match and enhance the food. Beer is available on draft at the restaurants as well as in 2 liter growlers for take-out and now six-packs are available wherever fine craft beer is sold. In order to supply all our stores with handcrafted beer we have developed the Fermentus Inturuptus system of brewing. Two Irish brothers with limited brewing experience. A city that shuttered its last production brewery in the early 80s. A neighborhood in serious need of a facelift. In 1986 when Patrick and Daniel Conway opened their fledgling operation in Cleveland’s Ohio City neighborhood, the odds were stacked against them. Fortunately, they surrounded themselves with a staff of passionate, knowledgeable people, and from the start committed themselves to bringing a sophisticated, diverse selection of craft beer to their home state. Two decades, multiple awards, and a whole lot of stories later, Pat and Dan Conway celebrate over two decades of brewing exceptional beer for their adventurous and discerning customers.

**PACKERLAND PILSNER:** Style: Czech Pilsner. OG: 11.5. IBU: 19.0. ABV: 4.5. **RASPBERRY SAISON:** Style: Saison/Farmhouse Ale. OG: 15.3. IBU: 30.0. ABV: 6.3. Part Belgian workhorse ploughing furrows in the field, part Trappist Funk. Brewed with Belgian specialty malts. Conditioned on 200 pounds of raspberries.

**STOVEPIPE:** Style: American Double/Imperial Stout. OG: 22.5. IBU: 55.0. ABV: 9.5. We took our popular 20th Anniversary brew and wired it up with 10lbs of coffee per barrel. That’s 600lbs of Luna Coffee’s finest for this beast. If this doesn’t get the conversation going, nothing will. BREWMASTER NOTES Rich and silky mouthfeel. Upfront bourbon character gives way to a deep roasted coffee finish.

Imperial Oak Brewing is a small (7 bbl) brewery that puts the beer first. Our focus is on imperial strength and barrel aged brews but we offer an ever changing variety of styles to satisfy a wide range of tastes.

BARREL AGED BEERMUDA TRIANGLE: Style: Tripel. IBU: 32.0. ABV: 9.5. Brewed with Pilsner, Wheat, and Aromatic malts for a light bready malt character which provides the backbone for the fruitiness and spice character from the Belgian yeast. The beer was then aged for 1 year in California Chardonnay barrels. The barrel aging adds notes of citrus, apple, wine and oak.

BARREL AGED QUIET GIANT- BOURBON BA IMPERIAL STOUT WITH VANILLA AND CINNAMON: Style: Russian Imperial Stout. OG: 1.131. IBU: 94.0. ABV: 15.0. SRM: 61.2. Brewed with lots of roasted and crystal malts for body and complexity. Vanilla beans and Cinnamon sticks were added to the fermenter after fermentation was complete. Each year we brew the same base beer and age it for 1 year in Bourbon Barrels. After the beer comes out of the barrels it is spiced using different spices each year.

BARREL AGED UDDER MADNESS: Style: American Double/Imperial Stout. IBU: 45.0. ABV: 10.0. A blend of Chocolate Malt, Roast Barley, and Black Malt give the beer its chocolate and coffee character. The body and sweetness are provided by crystal malts and the addition of Lactose (Milk Sugar) which is not fermented by beer yeast. The beer was then aged for a year in Bourbon barrels which add notes of bourbon, vanilla, oak and spice.

CRANK IT DANK: Style: American IPA. IBU: 60.0. ABV: 7.0. Brewed with a very simple malt bill of Pale and Pilsner malt and a bit of sugar to dry the beer out. It is aggressively hopped with Equinox, Citra and Mosaic. These are newer hop varieties that are bred to have a strong, pungent aroma and flavor often described as “dank”.

MAPLE BARREL AGED DOUBLE DEE’S: Style: American Double/Imperial Stout. IBU: 53.0. ABV: 9.2. A blend of brown malt and roasted malts create a smooth, chocolatey roasted character with a bit of sweetness and noted of dark fruits. The beer was then aged in a barrel that first held bourbon then maple syrup. This gives the beer notes of bourbon, vanilla, oak and maple.

SUMMER HIBISCUS WIT: Style: Witbier. IBU: 15.0. ABV: 5.0. This is a traditional Belgian Wit (White) Beer with a bit of a twist. Brewed with some flaked oats and wheat along with Pilsner and wheat malt to give the beer a light body along with a smooth, creamy mouth feel. We also added a bit of hibiscus along with the traditional orange peel and coriander to give the beer added complexity, a slightly tart finish and a pink hue.

TEQUILA BARREL AGED DOM BEER SAISON: Style: Mixed-Fermentation Sour. IBU: 30.0. ABV: 9.0. This is our Kettle soured Imperial Saison aged for a year in Mexican Tequila barrels. The result is a complex beer with notes of agave, citrus, oak, spice and a refreshingly tart finish.

**ISLAND ORCHARD CIDER | 421**
www.islandorchardcider.com
12040 Garrett Bay Rd, Ellison Bay, WI 54210

Island Orchard Cider™ began on our farm on Washington Island, just across Death’s Door passage from mainland Door County. Located on a hill overlooking Lake Michigan, the property had a few craggy apple trees remaining in the fields. During family trips to visit Yannique’s French father in Brittany, we always enjoyed going to Creperie restaurants to eat savory galettes and sweet crepes, accompanied by a bottle of cidre brut. Over time, as Bob became more interested in cider, we started traveling to the Pays D’Auge region of Normandy, where we tasted many varieties of this traditional beverage that is typically served with meals, and is the perfect complement
to the wonderful cuisine of the area. As we experienced the cider culture of northern France, we realized that nothing like these dry, complex ciders existed in the U.S., and we became excited about the prospect of introducing a French-style cider to the American palate. Back at our orchard, we began planting cider cultivars from France, England and America, while testing the types that would work best with the Island’s climate and rocky limestone soil. Our Washington Island orchard has expanded with our passion for cider, and we now produce several varieties of gluten-free cider in our Cider House in the small town of Ellison Bay, WI, located at the tip of the Door Peninsula.

APPLE CHERRY CIDER: Style: Cider. ABV: 6.9. A balanced Rosé. Crisp and dry with a strong cherry finish. Island Orchard Apple Cherry Cider starts with an apple base to give it body: the tannins from the cherry give it a puckier and clean vividness.

JOLLY PUMPKIN ARTISAN ALES | 220

3115 Broad Street, Dexter, MI 48130

My favorite comment made upon hearing our moniker, Jolly Pumpkin Artisan Ales was: “You really ought to think about hiring one of those marketing companies. They can come up with names for you and everything. Is it too late to change?” Jolly Pumpkin Artisan Ales. Seems people either love it or don’t understand it. People always ask about the name, asking “where did it come from?” I usually just put a finger to my temple, smile, and
sanguinely state “I have a very strange brain.” And then I tell this story:

The name bubbled forth years ago on a warm spring afternoon. It was one of those rare sunny March Michigan days, the kind that seems much warmer than March really has any right to be. Small piles of snow still dotted the yard as my wife and I sat on the patio in our shirtsleeves. Sipping beers and enjoying the sun on our faces after the long dark, cold Michigan winter. After firming up our business plan for months, the dream had finally evolved enough to need a name. So we sat, pen and paper in hand, brainstorming, smiling and laughing. Many great names came forth that afternoon, but as the weeks passed, and spring finally sprung, the name that always made us smile was Jolly Pumpkin. It encompassed everything we wanted to express about our brewery. Fun and quirky, all that needed adding were the last two words; "Artisan Ales", the description of the brewery’s products and mission; The creation of fantastic beers of truly outstanding artisan quality. Maintaining traditional small scale production, keeping beer a beverage of both outstanding complexity and simplicity, this would be our laudable goal. Complexity of flavor, simplicity of ingredient and process. This duality was perfectly balanced in the name. Simple and complex. Complex yet simple. To our delight with our wonderful new found name we were able to combine some very fun and exciting images: Everyone’s favorite holiday; Halloween (Who doesn’t enjoy the grinning Jack O’ Lantern?) Everyone’s favorite Halloween costume; the pirate! Some of my favorite locations; the tropics! And my two nicknames: Brewmaster Spooky, and Captain Ron And hence was born the strange name by the brewer with the dedication to rustic county beers! With much aloha from my family to yours, Captain Spooky Ron J

DRIPA (DOUBLE RICE IPA): Style: American Double/Imperial IPA. ABV: 9.5. Our Gold
Medal award-winning Double Rice IPA, cask-conditioned for your drinking pleasure.
Citrusy, hoppy and delicious with a crisp dry snap at the finish, thanks to the cereal
decocation mash.

IMPERIAL CREME BRULEE JAVA STOUT: Style: American Double/Imperial Stout.
ABV: 7.2. Coffee. Chocolate. Caramel. Vanilla. You’re used to seeing a lot of these
terms when describing stouts. These are not just descriptors; they are ingredients.
“Java;” as we call it, has become a crowd favorite by perfectly balancing the sweet
and the roast, thanks to the addition of Creme Brulee coffee post-fermentation. The
aroma and flavor are a coffee, chocolate or dessert-lover’s dream in a glass.

LOONIE KUHNIE PALE ALE: Style: American Pale Ale. ABV: 5.8. This is the flagship
beer that started it all and remains a fan favorite to this day. Golden in color with a
medium citrusy hop aroma, light toasty, caramel malt flavor. Medium bitterness with
a lasting but refreshing finish. Bret first brewed this American Pale Ale in the mid-
nineties, and became the impetus for opening a brewery.

OG: ORIGINAL GNOME: Style: American Amber/Red Ale. ABV: 8.5. A heavily dry-
hopped Imperial Amber Ale, it towers over all other gnomes. Inspired by, and partially
created by our Cellar Gnome, Leon, this bruiser packs as much malt punch as it does
hoppy smack. Weighing in at 8.5% ABV and dry-hopped with Halletau Blanc and El
Dorado hops, it certainly dominates the competition, in the most polite way possible
(as is the way of the gnome).

RUBY SOHO: Style: Wittbie. ABV: 4.5. Fresh ruby-red grapefruit juice has been added to
this Belgian-style Wittbier to add a whole new dimension of flavor. Light and spritzy,
with a natural haze and silky texture. Ruby-red grapefruit delivers bright citrus notes
to complement the orange peel and coriander. This is a beer suited to any journey,
even if the destination is unknown (Ruby Ruby Ruby Ruby Soho).

STOUTSHINED: Style: American Double/Imperial Stout. ABV: 8.8. One day, while we
were looking California and feeling Minnesota, we decided to brew what was once
one of our favorite one-off beers. This beer changed over the years, and it was our
goal to bring it back to center. Then we heard the news of the passing of one of our
heroes, Chris Cornell. The only good thing to come of that situation was that we had
a new name for a beer that needed one. This Imperial Stout is brewed with a ton of
cocoa nibs, vanilla, and lactose. In this corner, at 8.8% ABV, is a beer you need to
revisit, and bask in its soon to be legendary glory, no matter how muddy its history
may be.

THE FLUFFER (SESSION IPA): Style: Session Beer. ABV: 4.5. The little brother to
DRIPA, this lower-alcohol, sessionable IPA features the same bright citrus intensity in
the aroma with a lighter mouthfeel and a classic dry finish. If you like DRIPA and want
to last all day, you need The Fluffer.

THUMPER: Style: Session Beer. ABV: 4.5. Fresh-brewed Eastern Market Blend coffee
from Germack Roasting was blended into our flagship session ipa. Coffee is a perfect
flavor complement to stouts and porters, but a light-bodied sessionable IPA? Crazy,
right? Fruit notes with a hint of roastiness offer an interesting interplay of flavors,
alongside slightly bitter, citrusy hops and a toasty malt base. While The Fluffer is a
cute little bunny, Thumper is his wide-eyed, high-energy cousin. Caution: this beer
does contain caffeine.

WHITE DEVIL: Style: Wittbie. ABV: 9.0. An Imperial White Ale, White Devil is a cloudy
straw color, bursting with zesty citrus aroma, topped with a dense, rocky head of
foam. Refreshingly crisp with a pleasantly spicy hop character; thanks to the Noble-
LIKE STYRIAN GOLDFINGS HOPS, AS WELL AS NOTES OF FRESH CUT WHEAT AND CORIANDER. SLIGHTLY-SWEET WITH A DRY FINISH. WHILE EASY-DRINKING AND THIRST-QUENCHING, THIS IS DEFINITELY NOT YOUR AVERAGE BELGIAN WHITE.

WITTE BRAGGOT: STYLE: Braggot. ABV: 6.9. A LITTLE BIT THIS AND A LITTLE BIT THAT, THIS IS ONE OF THE MORE COMPLEX YET ELEGANT RELEASES WE HAVE EVER PACKAGED. WE STARTED WITH KUHNHENN FAMILY CITRUS BLOSSOM HONEY, THEN BLENDED IN RAW WHEAT, MALTED BARLEY, CORIANDER, AND SWEET ORANGE PEEL. THE RESULT IS A WITBIER-INSPIRED MEAD THAT IS EVEN MORE REFRESHING THAN IT SOUNDS, COMING IN AT 6.9% ABV. VERY LIGHTLY CARBONATED, THIS WILL NOT WEIGH HEAVY ON YOUR PALATE, AND IS BOUND TO QUENCH YOUR THIRST ON EVEN THE MUDDIEST OF SUMMER DAYS.

LAGUNITAS BREWING CO. | 420

www.lagunitas.com

1843 S Washtenaw Ave, Chicago, IL 60608

From points distant and beyond we all converged on Petaluma in 1993 and '94 with an unenunciated desire to be more than we were before. The core of Lagunitas came from Chicago, St Louis, Memphis, Walker Creek, and the highlands of Quincy. The Chicago contingent initiated the brewing and the gravitational effect of its suchness did the rest. We all loved the beer but the mission was larger than the ordinary joy of a hoppy-sweet quaff. It was driven unseen by an urge to communicate with people, to find our diasporic tribe, and to connect with other souls adrift on a culture that had lost its center and spun its inhabitants to the four winds to wander lost and bereft with a longing to re-enter the light. Beer, we have learned, has always been a good lubricant for social intercourse! The Lagunitas Brewing Co. was not so much an act of ordinary ‘foundling’ as it was willed into being by the unspoken desire of supportive beer-lovers in Northern California after which they continued to nurture their creation and urged us forward to fulfill the unifying needs of that same beer-loving diaspora from coast to coast and beyond. It is good to have friends!

**High West-ified Imperial Cafe Con Leche Stout:** **ABV:** 11.0. We took our Big, Rich, and Malty Imperial Stout and brewed it with some special additions ... Chicago's-own Metropolis Coffee and their Spice Island Blend, plus some Lactose and a touch of Vanilla to give it a smooth and milky silkiness. Then we aged it in some High West Rye Barrels for us to 18 freakin' months, giving it an oak-y, roast-y, and toast-y goodness. Cheers!

**LAGUNITAS IPA:** **Style:** American IPA. **OG:** 1.06. **IBU:** 51.0. **ABV:** 6.2. Lagunitas IPA was our first seasonal way back in 1995. The recipe was formulated with malt and hops working together to balance it all out on your 'buds so you can knock back more than one without wearing yourself out. Big on the aroma with a hoppy-sweet finish that'll leave you wantin' another sip.

**Plum Jasmine Gose:** **ABV:** 5.5. This Sour Ale is brewed with loads of Wheat, giving it a soft and mellow mouthfeel. We threw in some Pink Himalayan Salt to give it a Gose-y, crispy bite, than we added some Plum and Jasmine to smooth it all out. It's like a velvet glove smackin' ya upside the mouth!

Founded by two area homebrewers in 1996 in the basement of a farm-house in Cedarburg, the Milwaukee Brewing Company was born. In 1997 they opened the doors to their brew pub, the Milwaukee Ale House, in the Third Ward. Milwaukee Brewing Co. is committed to being good stewards of the environment and has become a leading example for microbreweries with practices such as: aluminum can packages that are 100% recyclable and lighter to ship, thus reducing our impact on fossil fuels; a solar hot water system that pre-heats water for the brewing process making us the first solar powered brewery in Milwaukee; a bio-diesel boiler system run off of used fryer oil collected from local businesses; spent grain from the brewing process is donated to local urban farm initiative, Growing Power, for use in compost and our water reclamation system decreases the amount of water we waste on a daily basis.

DYNAMO COPPER LAGER: Style: Vienna Lager. OG: 13.6. IBU: 29.0. ABV: 5.6. SRM: 8.4. If malt and hops are the two poles of brewing, Dynamo Copper Lager is the gently spinning sweet spot between them. Toasty, smooth Vienna malt compliments a lively hop bite. Pair this one with spicy food for maximum effect.

FLYWHEEL PILSNER BIER: Style: German Pilsener. OG: 13.0. IBU: 45.0. ABV: 5.0. SRM: 3.5. Flywheel Pilsner Bier features the spicy hop flavors and bitterness you expect in a Pilsner, but we amp up the malt bill for balance, mouth-feel, and because we're inspired by German styles, not bossed around by them.

HELIOSTAT ZWICKEL LAGER: Style: Keller Bier/Zwickel Bier. OG: 13.0. IBU: 45.0. ABV: 5.0. SRM: 3.5. Fermentation vessels feature a sample valve, called the "Zwickel" in German. Brewers use this valve to enjoy tastes of the beer as it ferments, to check for progress and quality-for science. And because when you work in a brewery, you drink beer straight from the tanks just because you can. This beer is meant to be enjoyed raw, cloudy, and as fresh as humanly possible. We'll package it, ship it, and bars put it on tap pretty much the minute they receive it. Now you can know for yourself what it's like to drink beer straight from the mother-ship.
JET STREAM WHEAT BIER: OG: 12.6. IBU: 23.0. ABV: 5.8. SRM: 3.0. Jet Stream features a wallop of wheat malt as well as a small amount of acidulated malt, resulting in a bright, spicy sourdough flavor. Ale yeast fermentation renders aromas of lemon, apricot, banana, and white flower. A combination of German Noble and American hops lends a gently woody and earthy compliment to the assertive malt bill. Lively carbonation reminiscent of so many German beer styles we love finishes everything off with a dry, sophisticated spark.

KRANKSHAFT KOLSCH: Style: Kolsch. OG: 12.0. IBU: 28.0. ABV: 5.0. SRM: 3.0. Our flagship brew—Krankshaft, a Kolsch style beer—is our homage to the beer brewed in Cologne. Lemony flavors compliments of the ale yeast meld artfully into the dry, clean finish thanks to lagering. Krankshaft can be found at Soldier field, both airports, and Comiskey. Krankshaft is the foundation of at least one Hawks fan's game-time tradition. Chicago is all about Krankshaft, and Krankshaft is all about Chicago.

MAGNETRON SCHWARZBIER: Style: Schwarzbier. OG: 13.8. IBU: 30.0. ABV: 5.6. SRM: 26.0. Behold: Schwarzbier, the blackest of lagers. This is the one you pull out when you have a fucking point to make about the diversity of lagers. Magnetron is malty, medium-bodied, and gently hopped. The magic of lagering makes this brew rich, but mild and well-balanced. Expect flavors of bittersweet chocolate and coffee, and a crisp, dry finish. Darker than Satan's soul. As metal as Dave Lombardo's double-kick. None more black.

www.ofallonbrewery.com
45 Progress Pkwy, Maryland Heights, MO 63043

O'Fallon Brewery was founded by Fran and Tony Caradonna, in 2000. They did all the brewing and selling for the first two years, brewing only one style (O'Fallon Gold), selling only kegs and delivering only in St. Charles County. In 2011 they sold the brewery to Jim and Debbie Gorczyca, but Fran continues to play a vital role as the Brewery's General Manager. In June 2015, we moved to Maryland Heights, MO. moving all of our production under one roof, and also opened the O'Bar, our restaurant and tap room.

5-DAY IPA: Style: American IPA. OG: 14.2. IBU: 55.0. ABV: 6.1. SRM: 8.0. You have to taste this dry-hopped beer! It's brewed with seven grains and three domestic hop varieties. We call it "5-DAY IPA" because we add hops after fermentation and the beer sits for an extra five days with this additional hopping. The result is a beautiful pale ale with malty sweetness up front and big Cascade hops in the finish – a wonderfully drinkable IPA!

DAZE OF SUMMER: Style: American Pale Wheat Ale. OG: 11.5. IBU: 13.0. ABV: 4.8. A Blonde beer refreshed with pink-lemony essence, it's neither a Radler nor a Shandy, but somewhere deliciously in-between. We use Lemondrop hops for aroma, real lemons for a fresh-squeezed citrus taste, and lemon zest for more... zest!

GRAPE ESCAPE: Style: Berliner Weissbier. IBU: 5.0. ABV: 4.1. A kettle soured Berliner Weisse with red wine grape juice.

JACK O LATTE: Style: Milk/Sweet Stout. ABV: 6.5. Pumpkin milk Stout with coffee

ODD SIDE ALES | 303
www.oddsideales.com
41 Washington Ave, Suite 160, Grand Haven, MI 49417

Odd Side Ales, one of the fastest growing breweries in Michigan. Born in an old piano factory in downtown Grand Haven, Michigan, Odd Side Ales first opened its doors in March 2010. We’ve grown steadily since that first brew, but have never lost sight of our initial goal: to create a variety of complex beers, each with its own unique flavor. To that end, we strive to craft unusual beers that will make your taste buds dance. Whether you’re looking for the perfect IPA or something ... just a little different, we’ve got the beer for you.

CITRA PALE ALE: Style: American Pale Ale. OG: 1.058. IBU: 41.0. ABV: 5.75. SRM: 6.0. This light and crisp ale is sure to capture your taste buds. Not quite a pale ale not quite an IPA. This is our flagship beer which is brewed exclusively with citra hops. The aroma is an intoxicating bouquet of grapefruit, tropical fruit, lemon, and pine.

HAZEL’S NUTS: Style: American Double/Imperial Stout. OG: 1.175. IBU: 75.0. ABV: 11.0. SRM: 66.0.

HOPPLICATED: Style: American IPA. ABV: 8.5. Imperial Citra Pale Ale

POG: Style: American IPA. ABV: 5.0. Ale with Passion Fruit Orange and Guava

PINEAPPLE DANK JUICE

RYE HIPSTER BRUNCH STOUT: Style: American Double/Imperial Stout. ABV: 11.0.

TARTE ROUGE: Style: Mixed-Fermentation Sour. ABV: 6.0. A mixed fermentation red ale aged in oak for 6-12 months then re-fermented with Michigan red wine must and aged an additional 6 months. Aromas of berries and dark stone fruits. Malty body with hints of raisins and cherries with a sharp tannic finish.
At some point John and Dave were born. They did other stuff for a while and then they figured out they were better at making beer than at the other stuff. So that's what they do now. They met while both studied at the oldest and most respected brewing school (of the two...and by the brewers that went to the one) in the US, the Siebel Institute, in 2008 and the brewery was envisioned while they both interned at Metropolitan Brewing afterwards. Most of Off Color’s business plan is based off of Doug and Tracy at Metro knowing what they’re doing, so you should go buy some of their beer too. After cutting their teeth at larger breweries, the two somehow convinced enough otherwise-very-smart-people to invest enough money for them to buy some big shiny things to make their own beer in. So that’s what they do now.

APEX PREDATOR: Style: Saison/Farmhouse Ale. OG: 14.0. IBU: 25.0. ABV: 6.5. SRM: 8.0. We pitch the yeast cold, turn off the temperature control, and let the yeast do its thing. To our delight, it spat out the sweet scent of juicy fruit wafting from a frothy, white mane. Brewed only with grain and sugar unencumbered by the heat of the kiln, we create a hazy, golden body. Apex Predator gets its teeth from a generous Crystal dry-hopping.

BARE BEAR: Style: Sahti. ABV: 7.0. A long time ago in Finland, a bunch of Finnish dudes built a sauna. It was nicer in there than it was outside, so they stayed in there until they ran out of beer. When they ran out of beer they still didn’t want to go outside so they decided it would be better if they just started brewing their beer in the sauna. And so began the tradition of brewing this traditional Finnish beer in saunas. Chock full of rye and juniper and spicy yeast esters, our Sahti might inspire you to build your own sauna to ride out this winter.

COFFEE DINOSMORES: Style: Russian Imperial Stout. IBU: 60.0. ABV: 10.5. Imperial Marshmallow Stout

DINOSMORES: Style: Russian Imperial Stout. ABV: 10.5. Imperial Marshmallow Stout

FIERCE: Style: Berliner Weissbier. OG: 9.5. IBU: 3.0. ABV: 3.8. SRM: 2.0. Spawned through an overnight kettle souring with our house lactobacillus culture, the wort emerges furious at what we did to it. Then, just because, we pitch a saison yeast and allow it to free rise to its further disdain.

HYPER PREDATOR: Style: Saison/Farmhouse Ale. ABV: 6.5. When you are a farmhouse ale the top of the food chain, you ingest everything in sight. Sometimes coffee bean are in sight. When you ingest those, it takes you to a whole ‘nother trophic level. Then you are on top of the top. When you get on top of the top it’s hard to come back down. Why am I feeling my heart this much?

I'M SORRY: Style: Belgian Blonde Ale. Belgian ale brewed with flowers

MARKET RATE: Style: American Wild Ale. IBU: 10.0. ABV: 6.8. With unripened green and ripened mara de bois strawberries

QINGMING: IBU: 5.0. 1300 BC Chinese inspired Chang with koji, jasmine, honey and botanicals

SPARKLES FINDS (SOME) TROUBLE: Style: Gose. ABV: 4.3. Leipzig Gose with Hibiscus

SPOTS: Tiki Weiss with passion fruit and grapefruit peel

TOOTH AND CLAW: Style: Czech Pilsener. ABV: 5.0. Field Museum's house beer

TROUBLESOME: Style: Gose. OG: -15.0. IBU: 10.0. ABV: 4.5. SRM: 5.0. Most brewers spend a lot of time and effort keeping lactobacillus out of their breweries; it was the first thing we brought in (it still has to stay in the corner though). We blend together two different beers to make Troublesome. The first is a somewhat uninteresting wheat beer and the second is an overly acidic & funky beer fermented solely with lactobacillus. We blend the two beers together with coriander and salt at the tail end of fermentation to create a mild, lemony tartness and a fuller sensation of mouthfeel. And yes, it’s hard to make.

O'HOPPY ALE IPA: Style: American IPA. OG: 16.0. IBU: 70.0. ABV: 6.8. An American India Pale Ale, this fine brew is a hop head's delight! Wonderfully hoppy aromas are noticed first, followed by a rich, slightly fruity mouth feel and then finished with a sophisticated hop bitterness. This one's not for the timid!

VERICH GOLD: Style: Kölsch. OG: 5.00. IBU: 23.0. ABV: 5.0. People's Choice Award winner at 2010 Cleveland Oktoberfest. Our lightest regular brew. Our Gold is bone dry with a soft malt flavor and delicate hop bitterness.

We opened our doors in June, 2012 doing all we could to NOT tell anyone that we were open, except of course the proper governmental bodies. We focus on small-batch quality and bold flavored beer, only brewing what we like and not conforming to what beer periodicals or experts say is trending this month. Brewing that way would be boring, and boring makes things feel like work.

HOMIE: Style: American Barleywine. OG: 1.099. IBU: 111.0. SRM: 17.0. You gotta go big or go home (which isn't far for us) for the greatest beer festival in the universe! Homie is very much an American Barleywine with a huge malt character complemented by an equally huge American hops character (Chinook and locally grown Centennial). 93 IBUs and aggressively dry-hopped with Centennial. Just brewed in early July to showcase the dry-hopped character for the Great Taste i.e. very fresh!

PARCHED EAGLE GOLDEN ALE: Style: Kölsch. OG: 1.049. IBU: 29.0. ABV: 5.2. SRM: 4.0. Our namesake beer, Parched Eagle is what some may call a perfect lawn mowing beer. Perfect for a hot summer day, this thirst quenching offering is light, golden, and

easy on the taste buds. A touch of sweetness and subtle fruity esters coupled with a kiss of hops is the mark of this classic style from Cologne.

STELLA’S 4-LEGGED DOPPLEGANGER: Style: American Black Ale. OG: 1.073. IBU: 66.0. ABV: 7.4. SRM: 27.0. One day a 4-legged little black cat who looked exactly like the brewmaster’s 3-legged cat appeared in his living room: leading to name of our Black IPA. Double dry-hopped with Chinook and Simcoe dankness that works in concert with the restrained dark roasted malts. Wickedly smooth/balanced for a “Cascadian Dark Ale”.

PEARL STREET BREWERY | 916
www.pearlstreetbrewery.com
1401 Saint Andrew Street, La Crosse, WI 54603
Established 1999. Pearl Street Brewery began as a family owned operation down in a basement on La Crosse’s fabled Pearl Street. After years of organic growth and expansion, the brewery is still family owned and operated but now resides in the infamous and historic La Crosse Rubber Mills building, a place well known for being the place where the iconic rubber boots for brewers and other tradesmen had been made for over a century. Now the PSB crew carries on in the 100 year old building, crafting award-winning ales and lagers. Visit the brewery and sit in one of the custom-made maple bar stools that surround the bar in the Tasting Room and enjoy a pint or two.

17-UP ANNIVERSARY GOSE: Style: Gose. IBU: 3.5. ABV: 5.3. Brewed to celebrate 17 years of The Pearl Street Brewery; this is a tangy and refreshing conundrum. A Gose is a top-fermented beer, usually brewed with salt and spices, that originated in Goslar, Germany four-hundred or so years ago. This particular Gose is flavored with natural lemon-lime essence for a mind-warping experience. It is brewed with 60% of the grain bill being malted wheat.
APPLEFEST APPLEWEIZEN: Style: Hefeweizen. IBU: 6.0. ABV: 5.5. A mix of our El Hefe and La Crescent-grown apple juice, this is sure to delight the palate and serve as a token to celebrate Applefest.
DTB BROWN ALE: Style: American Brown Ale. IBU: 10.0. ABV: 4.6. This long-time La Crosse standard is brewed with seven malt varieties that create a complex, nutty flavor with roasted undertones. Hopped with both American and Brit hops. Gold Medal Winner at the World Beer Championships.

JAVA LAVA: Style: Oatmeal Stout. IBU: 14.0. ABV: 5.2. Infused with fires roasted Guatemalan coffee beans from our out friends at Bean Juice coffee roasters, this version of our organic rolled oat stout is a real eye opener.

LEDERHOSEN LAGER: Style: Märzen/Oktoberfest. IBU: 13.0. ABV: 4.5. Come late September each year in La Crosse, people start feeling the gemütlichkeit. And when they start feeling it, it's time to dust off their lederhosens and drink beer! Lederhosen Lager is Pearl Street Brewery's salute to La Crosse's great German heritage and the 150 years of brewing tradition here. Brewed with Pilsen and Vienna malts and true German lager yeast, and spiced with Hallertau pair hops, this amber beer is malty and easy to drink.

LINALOOL IPA: Style: American IPA. IBU: 60.0. ABV: 6.8. The world's only Pale Ale brewed using the indigenously WI grown Wild Northern Discovery Hops, rich in the fragrant aroma of linalool. No commercial hops have such a high linalool concentration as these Wild Wisconsin hops.

ME, MYSELF, & IPA: Style: American IPA. IBU: 54.0. ABV: 6.7. Meet our newest addition to the Pearl Street family! Our first-ever IPA is brewed for the hop lover, with over two-and-a-half pounds of our favorite hops per barrel. Selected specifically because of their aromatic qualities, the hops contribute a pungent blend of grapefruit, tangerine, and floral notes. A big all-malt bill is not watered down with honey or other sugary adjuncts. This could be the most well-balanced IPA you’ve tried yet!

RUMPSHAKER NEIPA: Style: American IPA. IBU: 65.0. ABV: 5.7. Yep, it's a light American lager folks! Ever heard people say that these type of beers are "actually really hard to brew because the flavor is so light that there's nowhere to hide the defects"? Well, it wasn't that hard. Canadian two-row barley malt makes the ehem, "backbone" of this one. In true mega-beer fashion, we used a bunch of cheap adjuncts to supplement the grain bill. There's just no brewing a shitty light beer without them! Dextrose sugar, corn flakes and rice hulls make up a good percentage of the fermentables, creating a lighter-than-life mouthfeel. Quadruple-hops-brewed with pure Mississippi Valley well water and driftwood-aged for smoothness. So, head for the bluffs! This beer's for you.

We were established in 2009 and are located in Lafayette, Indiana. We produce hand-crafted beers to fit many people. We brew beers that you want to drink, not just try.

AMAZON PRINCESS IPA: Style: American IPA. IBU: 62.0. ABV: 6.8. We used American base malt with a small addition of Crystal malt to give this beer an orange hue. Hopped with Simcoe Hops giving this beer a tropical flavor and aroma. Passion fruit and grapefruit dominate the flavor and aroma characters.
BATTALION PALE ALE: Style: American Pale Ale. IBU: 34.0. ABV: 5.4. A special collabo-
ration with the Brickyard Battalion, an independent supporters group of Indy Eleven
soccer. We created this American Pale Ale for tailgating and game day. Designed to
be a sessionable pale ale with a fruity nose from Azacca hops, and with low bitter-
ness and a light body.

GRAPEFRUIT MOUND BUILDER IPA: Style: American IPA. IBU: 88.0. ABV: 6.5. We
used an American base malt with an addition of caramalt to give this now classic
style a reddish hue. An aggressive use of Columbus and Centennial hops lend citrus
flavors with notes of pine and grapefruit. People's IPA is a hoppy, yet smooth Ameri-
can twist on the English IPA. Just the right amount of concentrated grapefruit was
added post-fermentation.

MILK MONEY COCOA STOUT: Style: English Stout. IBU: 28.0. ABV: 5.0. Brewed with
Pale, Chocolate, Carafa, Caramalt, Aromatic, and Lactose Sugar resulting in a smooth
malt character and thick creamy brown head. Aged on Cocoa Nibs for chocolate
flavors with hints of roast and dark malts. We balanced it with Suntium and Fuggles
hops. The addition of Lactose Sugar, unfermentable sugar, gives the beer some
residual sweetness.

OL' TAVERN BEER: Style: Light Lager. IBU: 18.0. ABV: 4.5. Pre-prohibition style Ameri-
can Lager beer. We used our Midwest malted 6 row base malt, flaked corn, German
Munich, and flaked barley, with additions of Tradition hops. The result is a well-
balanced lager with slightly malty sweet notes. This beer is brewed as a throwback
to the Thieme & Wagner Brewery, that produced local beer in Lafayette starting in
1858 and the brewery produced beer until 1953. The brewery was torn down in 1961, to
build the Harrison Bridge from West Lafayette.

phy allows the crew to brew beer with the adventurous craft beer drinker
in mind—focusing on hand-crafted, small batches, using local, seasonal and
organic ingredients as much as possible.

BOYSENBERERRY BERLINER WEISSE: ABV: 4.2. Berliner Weisse with boysenberries

FUNKY WIT: Style: Wittbier. ABV: 5.0. Funky Wit begins its life as a traditional Belgian-
style Wittbier, with whirlpool additions of sweet orange peel, coriander, and black pep-
per, and a primary fermentation in stainless steel with a classic yeast strain. It's then
inoculated with a house blend of Brettanomyces, Lactobacillus, and Pediococcus,
and left to age in our oak foeders for at least a year. After bottle conditioning, the
resulting beers displays a soft yet bright acidity, which livens up the gentle coriander
spicing and the sweet coconut and vanilla tones of the oak.

FUNKY WIT APRICOT: Style: Wittbier. ABV: 5.0. Funky Wit Apricot begins its life as a
traditional Belgian-style Wittbier, with whirlpool additions of sweet orange peel, cori-
ander, and black pepper, and a primary fermentation in stainless steel with a classic
yeast strain. It's then inoculated with a house blend of Brettanomyces, Lactobacillus,
and Pediococcus, and left to age in our oak foeders for at least a year. We then rack
the beer to wine barrels on top of an ample portion of puréed apricots and allow it to
referment to dryness before bottle conditioning.

FUNKY WIT CHARENTAIS MELON: Style: Wittbier. ABV: 5.0. Funky Wit Charentais
Melon begins its life as a traditional Belgian-style Wittbier, with whirlpool additions
of sweet orange peel, coriander, and black pepper, and a primary fermentation in
stainless steel with a classic yeast strain. It's then inoculated with a house blend of Brettanomyces, Lactobacillus,
and Pediococcus, and left to age in our oak foeders for at least a year. We then rack
the beer to wine barrels on top of an ample portion of puréed Charentais melons and allow it to referment to dryness before bottle conditioning.

FUNKY WIT RASPBERRY: Style: Wittbier. ABV: 5.0. Funky Wit Raspberry begins its life
as a traditional Belgian-style Wittbier, with whirlpool additions of sweet orange peel,
coriander, and black pepper, and a primary fermentation in stainless steel with a
classic yeast strain. It's then inoculated with a house blend of Brettanomyces, Lactobacillus,
and Pediococcus, and left to age in our oak foeders for at least a year. We then rack
the beer to wine barrels on top of an ample portion of puréed raspberries and
allow it to referment to dryness before bottle conditioning.

HOMMEL BIER: Style: Belgian Pale Ale. ABV: 5.9. A dry-hopped Belgian Pale Ale which
defies tradition by combining Chinook and Columbus hops in the kettle, a dry hop
addition of Simcoe, Cascade, and Mt. Hood Hops, American malts, and a Belgian yeast
strain. The result is a beer with earthy and spicy tones from the yeast and a slight orange note contributed by the hops. Our first beer—draft only.

MAMAN: Style: Saison/Farmhouse Ale. ABV: 6.0. Barrel-aged Wheat Saison

Every year we set aside a few of our absolute best barrels of imperial stout to stand on their own, unadulterated and without adjuncts. We call this blend Maman, or the mother of our barrel-aged stout series. This year’s Maman was aged for 18 to 20 months in Rittenhouse Rye barrels before blending and packaging. It’s our purest expression of beer in oak and presents a luxurious combination of cocoa, caramel, vanilla, and maple wrapped up with a big boozy bow.

MERNA: Style: Saison/Farmhouse Ale. ABV: 4.7. Owen is a table strength saison kettle and dry-hopped with Mosaic, and package conditioned with Brettanomyces Claussensi. It opens with aromas of ripe papaya and subtle pineapple. The tropical character continues on the palate with complementary notes of rose petals and mineral water. High attenuation and a lean base of Pilsner malt and torrified wheat combine to create an incredibly dry beer with a snappy finish.

SAVANT BEESSEL: Style: American Wild Ale. ABV: 8.0. This year's batch of Savant Beesel began with a strong Belgian-style pale base beer fermented with a favorite strain of Brettanomyces and allowed to mature in red wine barrels for 12 months. We then blended the best barrels with fresh Norton grapes from our friends at Charlevoix Vineyards in Ste. Genevieve, Mo., and allowed it to referment to dryness in stainless steel for 3 months before bottle conditioning for an additional 4 months. The result is a celebration of Brettanomyces and Missouri wine grapes. Tart and bright grape and berry notes combine creating a bracing acidity over earthy funk and subtle caramel malt. The time spent in oak provides a gentle oak vanillin that softens the Norton's firm tannin. Concentrated and complex with lively carbonation. Bottle conditioned.

HEFEWEIZEN:
Style: Hefeweizen. IBU: 16.0. ABV: 4.6. 1.047 OG Bavarian-Style Hefeweizen — Orange-yellow colored, unfiltered, with a ridiculously rocky head. Exhibits a wonderful blast of banana and clove aroma, and carbonation is on the high end-correct for the style. Smooth and light-bodied, this beer exhibits a slight malt character, and a huge banana/clove profile. Dangerously drinkable! If the brewery had a beer garden, I’d be out there with this beer all of the time. 2-Row & Malted wheat make up the bulk of the grist. Noble German Hops.

HONEY BLONDE:
Style: American Blonde Ale. IBU: 16.5. ABV: 5.0. 1.047 OG Blonde Ale brewed with Honey — Honey Blonde is a pale-Golden Blonde ale, with a moderate amount of carbonation presenting a medium amount of foamy head at first pour. The beer has a subdued honey aroma at first sniff. A fairly crisp and light-bodied beer, the sip starts with a light, malty flavor, and finishes up with both the flavor of honey, and an appropriate amount of bitterness for the style. **HOPSMITH:** Style: American Double/Imperial IPA. IBU: 83.0. ABV: 9.1. Hopsmith is a robust and unapologetically hop-forward brew. The healthy delivery of its clean bittering hops against its soft malt canvas and just the right amount of body are accentuated by a tropical citrus aroma and a hint of pine while flaked barley smooths the transition towards its silky dry finish.

**ICE BREAKER (BA BALTIC PORTER):**

**POTOSI STEAMBOAT SHANDY:** Style: Fruit/Vegetable Beer. IBU: 12.0. ABV: 4.2. 1ZP.

**POTOSI WEE STEIN WIT:** Style: Witbier. IBU: 12.0. ABV: 5.25. 14.5P. A Belgian Style ale that’s very pale and cloudy in appearance due to it being unfiltered and the high level of wheat that’s used in the mash. Spiced with coriander and orange peel. The crispness and slight tang come from the wheat and the lively level of carbonation.

**SNAKE HOLLOW IPA:**

**SLUGGER:** Style: American Double/Imperial Stout. IBU: 32.0. ABV: 10.5. Like a quarrel-some castaway, this bold and roasty stout hid away in freshly emptied oak barrels for a year and emerged even more brash and brazen. Rich and complex, sweet and warming and with the lingering temper of a whiskey ghost. It’s best sipped. And savored.

**TANGERINE IPA:** Style: American IPA. IBU: 55.0. ABV: 6.5. 15P. This unique brew has converted many a beer drinker to become avid IPA lovers. Tangerine IPA is a specialty beer, only available on tap throughout the year.

**TROPROCKET:** Style: Experimental. IBU: 52.0. ABV: 6.0. Coconut IPA. Each year Potosi teams up with the Madison Homebrewers & Tasters Guild on a fresh 15 barrel collaboration brew. This year there was a catching enthusiasm around trying our hand at a naturally infused Coconut IPA. We used Gorst Valley’s proprietary Skyrocket hops for their tropical flavors and soaked equal parts raw and roasted coconut shavings in the fermenter. (Roasted right in our Potosi Brewpub). The result is a lively and medium bodied IPA with a prominent tropical nose, light citrus notes and a subtle coconut character and finish.

**ALCOHOL AND OLD LACE:** Style: Saison/Farmhouse Ale. IBU: 6.2. SRM: 5.5. Admittedly this beer is a little weird. It started out as a simple saison, but the generous addition of elderflower took it in a direction none of us expected. It’s fruity and complex with all kinds of interesting flavor notes and a finish that goes on forever.

**FRIAR PEDRO’S BELGIAN SOMBRERO:** Style: Tripel. IBU: 8.0. SRM: 6.5. RA Perfect marriage of Belgian abbey traditions and south-of-the-border sensibilities. Belgian Tripel Fermented with apave and lime. We normally tequila bbl age this one, but we threw it in a firkin for some cask conditioning.

**GRAND DAME:** Style: American Blonde Ale. IBU: 3.0. SRM: 6.8. A delicious American Blonde Ale. Our offering exhibits a fruity aroma complemented by a full bodied malt character featuring bread and biscuit notes giving way to a mildly spicy noble hop finish.

**IT’S A FIRKIN SURPRISE!** Style: Experimental. We’re not even sure what we’re doing yet! But we’ll be poppin’ it open at 3:00!

**MULBERRY MAYHEM:** Style: American Pale Ale. IBU: 2.0. SRM: 7.3. Locally sourced mulberries, from our chefs yard, are the star of the show in this otherwise mild pale ale.

Revolution Brewing is Illinois' largest craft brewery, brewed in the heart of Chicago. Started as a brewpub in Logan Square in 2010, Revolution added to its growth with the 2012 opening of its production facility in the Avondale neighborhood, just a short distance from the brewpub. Revolution focuses on brewing the highest quality beer as displayed in its popular brews such as Anti-Hero IPA and Fist City, a Chicago Pale Ale. Rev Brew has tripled its brewing capacity over the past few years and sells its beer in seven states: Illinois, Indiana, Ohio, Massachusetts, New York, New Jersey, and Wisconsin.

**AMARILLO HERO:** Style: American IPA. IBU: 75.0. ABV: 7.2. Amarillo-Hero showcases the hop’s intense citrus and floral notes. A simple, delicate malt bill allows the fruit basket of aromas to take center stage while a touch of Cascade and Mandarina layered in amplify this Hero's juicy characteristics. Clean bitterness rounds this beer out resulting in a crisp, refreshing IPA.

**ANTI-HERO:** Style: American IPA. IBU: 70.0. ABV: 6.5. Our flagship IPA is supremely aromatic, crisp, and drinkable. This iconic ale features a blend of Chinook, Centennial, Crystal, and Citra to create a crisp clean bitterness and imparts massive floral and citrus aromas. The Warrior hop is also used to add additional bitterness to the brew. An American hop assault for all the ambivalent warriors who get the girl in the end. “Look, I ain't in this for your revolution, and I'm not in it for you, Princess.”

**CHISTAR:** Style: Keller Bier/Zwickel Bier. IBU: 23.0. ABV: 5.5. With Chistar (pronounced “scheister”) we link the ages-old tradition of brewing to our great and humble city whose flag is adorned with similar stars holding their own value, and the star which has come to be a strong symbol of our brewery. Zoiibier is a style that originated in a small Bavarian town around 1415. Plsner, Dark Munich, and Carafa II malts give this beer its reddish-orange hue, while small additions of Noble and Czech hop varieties lend an earthy spiciness and low bitterness. A member of the Zwickel/Kellerbier family this beer pours with a slight haze, but in this case hazy beer is not lazy beer!
The Zoigl itself is a sign displayed by brewers/pub owners to signify the availability of fresh hand crafted beer. It's a 2 interlocking triangles represent first the “magic” of brewing; the points being Air, Water, and Fire. The points of the second stand for the ingredients Water, Malt, and Hops, as the importance of yeast was not yet realized.

Citra-Hero: Style: American IPA. IBU: 65.0. ABV: 7.5. A very special version of our Deth's Tar barrel-aged Russian Imperial Stout designed to showcase the Citra-Hop variety. This IPA is exploding with citrusy flavors and aromas. We utilized 2-row, Pale Ale, Red Wheat and Belgian Aromatic malts to provide a deep golden color and clean malt profile for this hoppy ale. Multiple additions of Citra in the brew kettle infuse this beer with deep layers of citrus aroma and flavor and a clean, crisp yet intense bitterness. After primary fermentation with our English Ale Yeast we dry-hopped with one pound per barrel of Citra once again to really load this ale up with a burst of fresh citrus fruit. Weighing in at 7.5% ABV this ale is sturdy enough to hold up to the higher bitterness level but is still quite sessionable and exploding with fresh hop character!

Cross of Gold: Style: American Blonde Ale. IBU: 25.0. ABV: 4.8. An easy drinking golden ale for everyone. Brewed to be crisp and refreshing with a bit of wheat malt for body and a delicate hop finish. William Jennings Bryan delivered one of the most famous political speeches ever at the 1896 Democratic National Convention, in Chicago. The speech was named Cross of Gold, and provided the inspiration for one of Revolution's original beers. Jennings Bryan was a populist, something we craft brewers consider ourselves to be. Cross of Gold was first brewed in Josh Deth's base- ment by Brewmaster Jim Cibak, in June 2009. Two additional batches followed, to dial in the recipe, before becoming one of the initial beers served at the Revolution Brewpub in 2010. Cross of Gold has since taken home Gold at the Great American Beer Festival and the World Beer Cup. It remains a favorite among our employees, and is a top seller at the Brewpub and Tap Room.

Crystal Hero: Style: American IPA. IBU: 75.0. ABV: 7.2. A crisp and refreshing IPA exploding with fresh floral hop character, named for a somewhat forgotten yet amazing hop variety named Crystal. A unique hopping program gives this beer a massive, clean bitterness and fresh hop aroma bursting with hints of citrus and fresh fruit.

Deth by Cherries: Style: Russian Imperial Stout. IBU: 400. ABV: 13.5. A version of our Deth's Tar, a barrel-aged Russian Imperial Oatmeal Stout aged in two different types of bourbon barrels (Heaven Hill & Old Forester) then blended with cherry puree.

Joe de Vivre: Style: Mixed-Fermentation Sour. IBU: 5.0. ABV: 6.2. Pronounced [zhwa-deh-vveev], this delightfully indelicate wild ale is the result of an 18-month long experiment in mixed fermentation and blending. Bone dry, fruity, and funkier than George Clinton's backside, this Saison has been aged in French oak Riopa and Bordeaux barrels with a legion of wild yeasts and bacterial cultures. Horse blanket and barnyard “funk” comes from a blend of wild yeasts in the Brettanomyces family. Lactocabialis adds a soft-yet-assertive lactic acidity to give the beer a nice “bite”. Cabernet grapes from Paso Robles, CA were pressed in-house and allowed to begin fermenting before being added to the mix. Finally, we blended this beer with a bit of Freedom of Speach to smooth the edges and mellow the considerable funkiness.

Loganberry Reserve: Style: Mixed-Fermentation Sour. IBU: 20.0. ABV: 4.75. Our Loganberry Reserve is a version of our Loganberry Fruit Ale aged for 2 years in a wine barrel and blended with Brett, Lacto, and fresh (non-barrel-aged) Loganberry Fruit Ale. The Brett adds a little funky complexity, and the fruit helps to balance out the acetic and lactic acidity, which gives the beer its “sour” notes...

Oktoberfest: Style: Märzen/Oktoberfest. IBU: 25.0. ABV: 5.7. Classic German-style Oktoberfest beer that goes down smooth with a pleasant, toasty, malt flavor. 100% German malts establish a supple and flavorful base for this traditional Oktoberfest lager. Brewed with a hop called Hallertau Gold, grown on only one farm in the whole of Bavaria, to deliver a hop profile which is at the same time both classic and unique.

Tropic Hero: Style: American IPA. IBU: 70.0. ABV: 7.0. Our newest hero surfacing onto the scene is Tropic-Hero! The American IPA is brewed with 2-row and Pale malts to establish a smooth malt profile and golden color. We used Apollo, Warrior, Crystal, Cascade and Amarillo hops in the brewhouse to achieve an intense but clean bitterness and aromas reminiscent of dark baker's chocolate, fresh brewed coffee and caramel candy.

VSOD (Very Special Old Deth's Tar): Style: Russian Imperial Stout. IBU: 400. ABV: 13.5. A very special version of our Deth's Tar barrel-aged Russian Imperial Stout aged for 21 months. Sand Creek Brewing Company

In 1856, Ulrich Oderbolz pioneered Western Wisconsin’s brewing industry in Black River Falls. Today, the Sand Creek Brewing Company continues that proud tradition by offering great beers brewed at the same location. In the early 1900’s, the Oderbolz family sold the brewery. Prohibition shut down the brewery in 1920, and over the next 70 or so years the old brewery had been used for everything from raising turkeys to building land mines during the Korean War to bottling Coca-Cola and private labeled soft drinks. In late 1996, brothers Jim and Dave Hellman purchased the old brewery, refurbished the building and installed a brand-new, state-of-the-art brewing system. In 1999, the Sand Creek Brewing Co. became a reality with the first official brewing of Sand Creek Golden Ale.

COCONUT CRÈME ALE: Style: Experimental. IBU: 17.0. ABV: 5.5. SRM: 5.0. Our tropical twist on an American-style wheat ale. Created by fermenting with coconuts and pineapples, then aged on toasted coconut flakes yielding a light-colored beer that’s sweet, smooth and malty.

DOUBLE IPA: Style: American Double/Imperial IPA. IBU: 80.0. ABV: 10.0. SRM: 7.0. Double your everything with this beer. IPAs (India Pale Ales) were first brewed in England during the late 1700s for export overseas to British soldiers in India. To keep the beer from spoiling during the long voyage, English brewers fortified their traditional Pale Ale recipes with more hops and more barley. Our addition of twice the hops insists you’ll love this double twice as much. Mosaic, Simcoe, Chinook.

DRY HOPPED APA: Style: American Pale Ale: IBU: 50.0. ABV: 5.9. SRM: 10.0. Our Dry Hopped American Pale Ale (APA) is charged with American hops to create a bold, aromatic ale. Assertive hop flavor joins the pine/citrus aroma characteristic of American hops to balance the full body provided by North American malts. After fermentation, the beer circulates through a bed of Cascade and Chinook hops, boosting the distintive hop aroma of this satisfying ale.

EXPO IPA: Style: American IPA. IBU: 55.0. ABV: 6.5. SRM: 12.0. Our personal relationships with hop farmers from around the world give us access to rare varieties chosen for their notable attributes, emphasized when blended with quality grains and water sourced from our unique confluence of rivers for an exceptional, distinguished, balanced beer. Brewed with these hops: Pilgrim (UK), Polish Magnum (PL), Amarillo, Chinook, Bullion, Cascade (US), Enigma, Vic Secret (AU)
IPL (INDIA PALE LAGER): Style: Experimental. IBU: 30.0. SRM: 5.0. IPAs aren’t the only dominant beer beasts on the planet, good crisp, clean lagers need a chance to tell a story, too. Citra hops reign in this beer, with powerful tangerine-citrus characters, balanced with the clean, malty profile of a lager.

KÖLSCH: Style: Kölsch. IBU: 25.0. ABV: 4.8. SRM: 6.0. Done properly and with distinction, this definitive golden ale is fermented with a yeast strain from Köln, Germany, where Kölsch originated. The result is a slightly dry and subtly malty brew with the delicate aroma of an ale and the clean finish of a lager. World Beer Cup Gold Medal winner.

OKTOBERFEST: Style: Märzen/Oktoberfest. IBU: 25.0. ABV: 4.8. SRM: 15.5. A classic crowd-pleaser authentic in its execution, our smooth, toasted-malt Märzen pays tribute to the Bavarians who crafted the recipe and brewed it for their fall celebrations—their “Oktoberfests.” It’s clean and balanced, amber in color and suitably sweet.

It’s this kind of beer that will remind you why fall is your favorite season.

THE VARIANT: Style: American Double/Imperial Stout. IBU: 30.0. ABV: 9.4. SRM: 70.0. Imperial Stout aged in Port barrels and aged on cacao nibs. This rich stout shows a gourmet dark color that evokes a deep red port. Complexity come through in every aspect. The Variant is a limited release in the Ibex Rare series of beers.

WHITE LAGER: Style: Keller Bier/Zwickel Bier. IBU: 20.0. ABV: 5.5. SRM: 5.0. Lagers are usually bright and clear with a clean maltiness and slight hoppiness, yet our White Lager takes the focus away from those qualities by retaining its yeast and emphasizing the hazy hue, hint of orange zest, and even, silky finish. Because it’s unfiltered, it’s noticeably fresh with a slight tartness and sweetness.

STRANGE OLD WOODS
Established May 1995. The South Shore Brewery became this state's seventh microbrewery and first in northern Wisconsin. The South Shore Brewery is a leader, not only regionally, but nationally with its dedication to sustainability. As evidence, since January 2009, all the beer we produce uses base malt we grow in the Chequamegon Bay region of Northern Wisconsin. A founding brewery member in the Midwest Hops & Barley cooperative, the South Shore is applying the same approach to our hop usage. Every year the amount of increases with our goal of 100% WI grown. Currently all of our year around beers use exclusively WI grown hops. The South Shore is a proud and active member in the Wisconsin Brewers Guild.

CHEQ PILSNER: Style: Czech Pilsner. ABV: 5.4. Pilsner was first brewed in 1842. The most famous of pilsners originated in the town of Pilsen in Bohemia. South Shore's Czech Pils been brewed with the original pilsners in mind with an emphasis on bold malt character, a distinct "Czech" yeast profile, and the use of noble hops throughout the boil. As with all of beers, it batch features exclusively Wisconsin grown base malt and hops.

NORTHERN LIGHTS ALE: Style: Cream Ale. OG: 1.044. IBU: 10.0. ABV: 4.8. As a cream ale, it combines the features of a lager (crisp and smooth) with the best of an ale (fruity and complex) into one beer. We’ve also added 5% oatmeal and 16% white wheat for a round, smooth flavor and mouthfeel. There is a very slight hop presence. Additionally, we’ve introduced a blend of herbs into the finished product which enlivens your senses with a unique refreshing taste.

NUT BROWN ALE: Style: English Brown Ale. OG: 1.056. IBU: 16.0. ABV: 5.7. Don’t be intimidated by the rich walnut color. This beer is really not heavy at all. It is very smooth with no bitterness, and has a real warming, nut-like flavor and aroma. Brewed to match a traditional English mild, it has carbonation levels that are more American. Our “flagship” brew, it’s a very social drink and goes great with all types of food.

SAISON: Style: Saison/Farmhouse Ale. A seasonal beer of Belgian origin, brewed for harvest time. A complex beer for sure. From the unique yeast strain, and combination of malts to the unusual fermentation temperatures comes a beer that is spicy, somewhat fruity, light bodied, and with a quenching bitterness. The aromas and flavors will be enhanced by letting the beer warm slightly. Brewed primarily in the French speaking regions of Belgium by and for the farming community there. A one of a kind style.

WPA (WISCONSIN PALE ALE): Style: American IPA. OG: 1.062. IBU: 55.0. ABV: 6.9. Modeled after our American Pale Ale, this beer is yet another “window” into the very near future of South Shore Brewery. If you don’t know by now that all of the beers brewed here use base malt grown here in Ashland and Bayfield Counties, shame on you. While we’ve brewed some “seasonal” beers with fresh hops we have grown here in WI, this is a beer that uses hops that are processed more traditionally, that too are all Wisconsin grown. Our exceptional quality standards apply to these hops and complement the same standards we have for our base malt. The WI grown varieties used are Nuggets, Cascade and Centennial. Our brewers describe the aromas and flavor from these hops to be far less citrusy. The consensus is that the result is more intricate and involves a spicy more complex fruity sweet overtone. To conclude the brewers say YUM, YUM!

We are a Chicago nanobrewery committed to brewing proper beer and delivering it to Chica-goans one case at a time. Description Spiteful Brewing was founded in January 2010 by Brad Shaffer and Jason Klein. While the brewery is new, we have known each other since we were kids. It was a friendship that started instantly following a spiteful incident during a hockey game on the pond. Initially home brewing in the kitchen on a stove, we’ve slowly upgraded our system as we gained experience and understanding of the brewing process. We now have a Brewery from Portland Kettle Works with a 2.5 BBL Brewhouse and 5 BBL Fermenters. As a nanobrewery our goal is to supply Chicago with proper beer that we will hand deliver to liquor stores and bars. We will have a few year round beers like G.F.Y. Stout and Bitter Biker Double IPA, as well some rotating seasonal offerings. Our beers are

The Stevens Point Brewery is steeped in a history that has transcended the trials of the Civil War, the Great Depression and Prohibition. More than 150 years later, the Stevens Point Brewery continues to successfully brew quality beer, just as the brewery's founders, Frank Wahle and George Ruder, did in 1857. This undeniable endurance is a testament of why the Stevens Point Brewery, in Stevens Point, Wisconsin, is the 3rd oldest continuously operating brewery remaining in the United States. Today, the Stevens Point Brewery is proud to be Wisconsin-owned and independently operated.

- 4811 Dusharme Dr, Brooklyn Center, MN 55429

Surly Brewing Co. started with a homebrewing kit in Omar Ansari’s garage. As his brewing passion grew, Omar converted his family’s abrasives manufacturing business into a brewery in late 2004 after convincingTodd Haug, an industry veteran, to join him. Currently, Ben Smith and Jerrod Johnson are the co-head brewers. Since selling its first keg in February 2006, Surly has become one of the nation’s fastest growing breweries. In December of 2014, Surly opened their newly-constructed Destination Brewery, complete with a restaurant and beer garden, after successfully leading the charge in 2011 to change a Prohibition-era Minnesota state law.

Hop Shifter IPA is the name of a series of hop-forward trial beers we are brewing to experiment with select or new, yet-to-be-released hop varietals that are extremely limited in quantity. We are exploring the aromatic potential of these new varietals to see how the hops translate from the field to beer. The Hop Shifter series is based around an IPA recipe with a core set of malts, while the trial hops will be used as dry-hop additions. The trial hops we use will change from batch to batch, so the aromatic nature of the beer will also change.

Named by Amager’s marketing director Henrik Papsø.

WHALEZBRAH!: OG: 17.0. ABV: 7.5. This beer contains an unreplicable, experimental wort, made for the American Homebrewers Association wort rally, and brewed exclusively for 2017 Homebrew Con attendees. THE CIDER FARM | 118
www.TheCiderFarm.com
7258 Kelly Rd, Mineral Point, WI 53565
Since 2003, The Cider Farm has specialized in growing true cider apples organically on its Mineral Point, Wisconsin farm. True cider apples are considered the wine grapes of apples. They have been cultivated for hundreds of years in the UK and France to produce alcoholic beverages. Many of these apples have tannins, which table, heirloom and culinary apples do not have. Tannins give mouth feel, complexity and balance to the cider. These apples are rare in the U.S. and set apart The Cider Farm Ciders and barrel-aged Apple Brandy.

CLASSIC DRY:
Style: Cider. ABV: 6.2. GF Classic Dry, our 'flagship cider', is dry, crisp, and refreshing. It is amber in color due to apple tannins. It is a blend of 5 English bit- ter (high tannin) apples with a tart (high acid) apple named Liberty. The English bitter apples are Major, Kingston Black, Somerset Redstreak, Dabinett, and Chisel Jersey. All apples are certified organic.

CYSER:
Style: Cyser. ABV: 8.75. GF This cyser is a blend of juice from tart, sweet apples fermented together with local honey from hives on The Cider Farm. The resulting cyser is off-dry, with notes of green apple and, of course, honey.

the cider herbal aromas of daisy and clover and flavors of citrus making it similar to a New Zealand-style Sauvignon Blanc

BEARS CHOICE: Style: American IPA. American IPA brewed with a mix of base, specialty, and aromatic malts combined with the mango and tangerine citrus from copious amounts of Mosaic hops create a perfectly balanced IPA.

CANNABACEAE: Style: American Pale Ale. IBU: 45.0. ABV: 5.6. SRM: 6.0. Cannabaceae is the name of the phylogenetic family containing our favorite flowering plants. A light grain bill made up of the Maris Otter, Spelt, Oat, Wheat, and Dextrin malts provides necessary haze forming proteins and a soft, sweet background for the hops to play. The breathtaking blend of Galaxy, Amarillo, Simcoe and Mosaic hops offers notes of tropical fruit, citrus, and dank finish. Fermented with our dry English ale yeast (Nectar yeast) which creates subtle fruity esters and a nice dry finish.

I AND I: Style: American Double/Imperial IPA. IBU: 85.0. ABV: 8.5. SRM: 5.0. I and I is a true West Coast style double IPA inspired by the beers consumed on my annual trips to Southern California. Brewed with 4 lbs of hops per barrel, a blend of Simcoe, Mosaic, Citra, and Equinox greets you with aromas of peaches and overripe tropical fruit. A simple but hefty malt bill provides a honey-like sweetness to balance the sturdy hop bitterness, lingering slowly and melting away. The 10.2% abv is well hidden but leaves you with a warm fuzzy feeling like a high five from God. The name "I and I" is a Rastafarian expression referring to the oneness that exists between God and Man and every human.

IRIE IPA: Style: American IPA. IBU: 134.0. ABV: 7.8. SRM: 5.0. A malty and complex IPA which support the generous amount of Chinook, Centennial and Columbus hops. American Ale yeasts ferments this beer cleanly allowing the dank hop qualities to shine through... IRIE Mon!

MECHANICS GROVE: Style: American Pale Ale. ABV: 7.3. SRM: 5.0. We love hops as much as the next guy so we were intrigued when we heard about a new style of IPA being brewed in the northeast. These beers are typically brewed with little to no bittering hops, instead using heavy whirlpool and dry hop additions to create a beer with restrained hop bitterness and huge hop flavor and aroma. The addition of high protein grains like oats and wheat leaves the finished beer with a thick haze that helps keep the hop compounds in suspension. For our first attempt at the style we used a blend of Galaxy, Nelson Sauvin, and Citra hops at a rate of 3.5 lbs/bbl which gives the beer a juicy hop character full of citrus and tropical fruit.

POWERFUL PILS: Style: Czech Pilsener. IBU: 42.0. ABV: 5.5. SRM: 3.0. SCARLET > FIRE: Style: Irish Red Ale. IBU: 30.0. ABV: 5.6. SRM: 15.0. The name is reference to the often played combination of Grateful Dead song's Scarlet Begonias and Fire on the Mountain. This beer features a great balance of malt sweetness from caramel malt and subtle toasty notes from roasted barley. Brewed with American Ale yeast, and East Kent Golding hops, it pays tribute to its heritage as an Irish Red Ale.

It all started with a glacier that stopped. Stopped moving south some 20,000 years ago during the last Ice Age. Stopped after it had already flattened most of the Midwest, but before it reached Monroe County. Stopped just in time to preserve the rolling hills of the southern part of the state. The uplands. The glacier shaped the land, and the land shaped the people. The rugged terrain of the uplands attracted a unique breed of settlers. They were pioneering, independent, connected to the land and committed to their local communities. They worked hard and took pride in their craft—because that was the only way they knew. None of these traits went away when the university came. But a few new ones were added to the fold: Progressive. Tolerant. Intellectual. Put it all together and you’ve got a heady mix of cultures and contradictions. A place where everyone can feel at home. A place that is equally respectful of tradition and open to change. This is where we’re from. It’s what inspired us to open our doors (and our taps) in 1998—and its what continues to guide us moving forward. And, fittingly you might say, it all goes back to a glacier that knew when to say when.

MERCATOR: Style: Flanders Red Ale. OG: 14.0. ABV: 6.3. Gerardus Mercator was an actual renaissance man; philosopher, mathematician, cartographer… crafting the world map of 1569. OACHKATZLSCHWOAF: Style: Märzen/Oktoberfest. OG: 13.5. ABV: 5.4. This “export” style lager, brewed for our annual Oktoberfest celebration, is malty yet well balanced like the bier traditionally served at Oktoberfest in Munich. However, our Festbier has a tale/tail of its own-Oachkatzlschwoaf (pronounced “o-cat-zel-schwof”) translated is “tail of a squirrel”… just a little Bavarian humor.

SCHNICKELFRITZ: Style: Hefeweizen. OG: 12.0. ABV: 4.8. The unmistakable characteristics of this Bavarian Weissbier are achieved with a yeast that is decidedly fruity and phenolic. You may note clove, nutmeg or even vanilla and/or banana-like aromas and flavors.

STAMMTISCH: Style: German Pilsener. OG: 13.1. ABV: 5.4. Stammtisch is an informal group meeting held on a regular basis - more directly translating to ‘table for regulars’. HAZEL’S NUT HOUSE ALE: Style: American Porter. IBU: 15.0. ABV: 6.2. Rick malts create a toffee & butterscotch flavor; combined with natural hazelnut flavor this brown ale had a great nutty twist, like Hazel herself!

OCTOBRAFDEST: Style: Märzen/Oktoberfest.

PALE ALE: Style: American Pale Ale. OG: 13.0. IBU: 49.0. ABV: 5.0. A simple malt bill of good pale ale malt is background to let the hops shine. For this pale ale I used Citra, Amarillo and Falconers Flight. The flavor and aroma of citrus, tropical fruit, herbal and lemon were contributed by the three hops varieties used.

RELAXIN RASPBERRY ALE: Style: Fruit/Vegetable Beer.

STRAWBERRY LEMON ALE: Style: Fruit/Vegetable Beer. ABV: 4.7. This blonde ale has flavors of strawberry & lemon, perfect for hot summer days & nights. It pairs well with coconut shrimp & Caesar salad or try it with a piece of strawberry topped cheesecake!
